

Big Bombers, Tanks Blast Chinese Reds On 2 Fronts

SEOUL, Korea (AP)—United Nations fighter-bombers and tanks today blasted Chinese Reds on two Western Front hills with deadly explosives and burning jellied gasoline, in support of attacking Allied ground troops waging one of the war's hottest actions this year.

An Allied officer at the front called the fight "probably the biggest thing that's happened here all week."

The officer said fighter-bombers strafed, bombed and fire-bombed Chinese positions on the hills throughout the morning and carried their attack into the afternoon.

Both sides used tanks and self-propelled guns, artillery and mortars.

There was no indication that the flareup was a curtain-raiser to a Red offensive, threatened repeatedly by Communist negotiators at the Panmunjom truce talks.

Both sides continued heavier attacks and probes at other spots along the 155-mile battlefield.

Reds Almost Decent

MUNSAN, Korea (AP)—The chief Communist Korean truce negotiator softened his denunciation of the Allies today, but remained unyielding on the prison exchange issue—last obstacle to an armistice.

Maj. Gen. William K. Harrison, head U. N. negotiator, told newsmen he attached no significance to North Korean Gen. Nam Il's omission of any mention of the riot-ridden Allied prisoner camps on Kojado Island.

Harrison told the Reds during a 38-minute meeting at Panmunjom that "no further concessions will be forthcoming" on the April 28 Allied prisoner proposal. Another Red-demanded session was set for 11 a. m. tomorrow (9 p. m. Thursday EST).

Despite his moderate tone, Nam continued to charge the Allied stand on prisoners violated the Geneva Convention and "widened the breach" of disagreement over prisoner exchange.

He didn't use his usual terms of "slaughter" and "murder" to describe Allied treatment of prisoners.

'52 BIRTHS ARE ABOVE '51 MARK

The birth rate in the Gettysburg area during May dropped below the figure for the same month a year ago, but the number of babies born so far this year continued far ahead of the number for the first five months of 1951, according to the records of Ralph C. Geiselman, registrar of vital statistics for Gettysburg and Cumberland, Straban, Freedom and Highland Twp.

While the number of births in May, 72, was six less than the 78 recorded in May, 1951, the number of births for the first five months of this year, 397, is 49 more than the 348 recorded from January through May a year ago.

Deaths increased this past month, 17, as compared to 15 in May, 1951, and the number of deaths for the five-month period, 92, was 13 more than the 79 recorded during the comparable period a year ago.

In May there were 35 male and 36 female births in Gettysburg and four male and ten female deaths. One female death occurred in Cumberland Twp. Straban Twp. recorded one male birth and one male death. Neither births nor deaths were recorded in Freedom Twp., and one female death was listed for Highland Twp.

Police Assigned For Traffic Duty Friday

All parking will be prohibited in Lincoln Square after 10 o'clock Friday morning, Burgess William G. Weaver said today.

Parking will also be prohibited on the north side of the first block of York St., the burgess said.

The square will be kept clear of traffic to permit pedestrians to enter it when Eisenhower arrives here to talk at about 11:30 o'clock. The burgess said the north side of the first block of York St. would be kept clear of parked cars to permit the parking of delegates' busses and newsmen's cars.

Burgess Weaver said town policemen will be on duty at the Carlisle St., and Lincoln Ave. intersection and at the Middle St., High St., and Steinwehr Ave., intersections with Baltimore St. to handle traffic and permit the Eisenhower convoy to pass through.

State police will have charge of Lincoln Square police work, the Burgess said.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Charles Milhimes, Gettysburg R. 4, announce the birth of a daughter at the Warner Hospital today.

Nurse

Miss Doris Hartman, daughter of Mr. and Mrs. E. Mark Hartman, Biglerville R. 2 who received her degree in nursing from the Temple University School of Nursing, Philadelphia this morning at 10:30 o'clock. The exercises were held in Convention Hall. Miss Hartman was graduated from the Gettysburg High School in 1949.

GARDEN PARTY HELD BY CLUB ON WEDNESDAY

A garden party was held by the Woman's Club of Gettysburg at the home of Mrs. Charles H. Drum, Aspers R. 2, Wednesday afternoon at 2 o'clock. Mrs. Frederic E. Griest Jr., president, presided at the business meeting which opened with the pledge of allegiance to the flag. Mrs. Charles Orem read the collect for club women and the secretary, Mrs. Richard E. Deas, read the minutes of the last two meetings.

A donation of \$25 was pledged to the Gettysburg Fire Company. Mrs. Clarence C. Smith reported on the convention of the Pennsylvania Federation of Women's clubs held in Harrisburg May 26, 27 and 28. Mrs. Smith and Mrs. Griest were delegates from the Gettysburg club.

Following the business session, Mrs. Griest pointed out local scenes of interest to the club women and they were taken on a tour of Mrs. Drum's Spanish-style villa. Afterwards, punch and other refreshments were served in the gardens to about 55 guests. Miss Anna Cairns presided at the punch bowl. Mrs. Henry M. Scharf, who headed the Hostess Committee, was assisted by the following: Mrs. Frank Hewitson, Mrs. W. E. Wolff, Mrs. Paul D. Thomas, Mrs. Charles W. Pitzer, Mrs. John D. Teeter, Mrs. George H. Thrush Jr., Mrs. Wilmer Bream, Miss Cairns, Mrs. George M. Zerling, Mrs. C. Richard Wolfe and Mrs. Joseph S. Heiney.

This is the last meeting until next September.

R. A. ALEXANDER HEADS PA. GROUP

Roy A. Alexander, E. Broadway, was elected president of the Pennsylvania Association of Directors of Veterans Affairs at the annual convention which concluded Wednesday at Stroudsburg.

The election was held Monday. Alexander, who has served as director of veterans affairs in Adams County for the past seven years, was installed Wednesday and presided at the closing sessions of the convention.

He was elected last year as vice president of the central Pennsylvania section of the Directors of Veterans Affairs and during the year was named as vice president of the state association.

Nelson W. Norwood, Carbon County, was named vice president; William G. Porter, Mercer County, secretary-treasurer.

The convention next year will be held at New Castle.

Parents Invited To Girl Scout Camp

The 85 Girl Scouts attending the day camp at the South Mountain Fairgrounds this week today extended an invitation to their parents and friends to be present Friday afternoon for exercises closing the camp.

The special program, including skits, a puppet show and other activities, will begin at 1:30 o'clock and conclude with the closing of the camp at 3:30 o'clock.

Activities at the annual day camp began Monday and have included nature study, hiking, out-door cooking, arts and crafts, the making of hand puppets, singing and music studies led by Mrs. Helen Barley, archery, softball and painting.

Strawberries: Friday and Monday, Ivan T. Stanley, on Emmittsburg Road, call 840-R-5. Please bring containers.

FIREMEN HOPE TO RAISE \$6,000 IN ANNUAL DRIVE

Members of the Gettysburg Fire Company are hopeful of raising \$6,000 in the annual solicitation for funds and the \$1,150 raised so far in the country solicitation is the largest amount ever secured according to reports presented Wednesday evening at the regular meeting of the firemen at the Fire Engine house, E. Middle St.

Raymond Menges, chairman for the borough solicitation, said that \$2,500 has been received so far in the drive in the borough. "We know of at least \$1,000 more coming in, and we think we can secure another \$1,000 without difficulty. We feel sure we will reach our goal of \$5,500 and it may be we will reach \$6,000."

William Shealer reported that 77 chickens, four ducks and approximately \$1,150 has been obtained from the solicitation made of the areas immediately surrounding the borough.

Calls For Volunteers

Donald McSherry thanked firemen who participated in the solicitation. He asked all firemen, "and any others who want to help out" to be at the recreation field Monday evening at 6:30 o'clock to help construct a temporary frame building for the festival to be held in July.

All materials for the structure, which will be used as a kitchen, have been donated, or loaned to the firemen, McSherry said, adding, "If the firemen and others volunteer their time and labor it can be put up for nothing." The lumber was loaned by Richard Smith, Glenn Weishaar is donating the roof and the United Telephone Company, Henry Herring and Billy Shealer are providing poles for the 20 by 60-foot structure. Edgar Bowling will be in charge of the construction.

McSherry also issued a general request "that the women turn out as they did last year. We appreciate and badly need their help in the various activities in connection with the annual festival."

Urges Book Sales

McSherry also urged the firemen to intensify the sale of books.

John H. Long, manager of the Gettysburg Municipal Authority, was accepted as a member. An application for membership received at Wednesday's meeting will be held until an opening for another active fireman occurs.

BIGLER PLANS TOWN MEETING

The annual Biglerville Town Meeting will be held in late September or October.

That was the decision reached by the Biglerville Business Club Wednesday evening at a meeting held at the Biglerville High School.

President John Klinefelter said the decision of the members, following an hour's discussion, was that plans to hold the meeting during the summer months should be postponed because of the "great amount of farm work that has to be done during the summer months. This time of year is the Biglerville community's busiest and we felt that if the meeting is postponed until fall more people will be able to attend the session and express their ideas on the problems of the community."

As a result final plans for the town session will be arranged at the September meeting of the club. The club cancelled sessions during July and August.

The possibility of printing a small folder listing facilities available in the borough was discussed at some length.

Bible School Opens At Fairfield Monday

Fairfield Community Vacation Church School will begin a two-week term Monday morning at 8:30 o'clock. Courses in Bible study, mission, hand work and directed recreation will be offered. A daily assembly period will afford an opportunity for singing as well as for audio-visual presentations.

Children from about four years of age to 15 years and beyond are eligible to enroll in the school. All the children are requested to assemble at the Lutheran Church the first morning for announcements and instructions for the school.

Bus transportation will be provided from the Ottomaria region. All children needing transportation are asked to be at the Methodist Church promptly at 8:15 o'clock. Children along the North Tract Road will be picked up by the bus.

ASSIGNED TO CHURCH

Stanley S. Gladfelter, Gettysburg, who was one of seven young men ordained at St. Stephen Episcopal Church, Harrisburg, by the Rt. Rev. John T. Heintz, bishop of the Harrisburg Diocese, has been assigned to the Church of Our Saviour, Montoursville.

"Mamie" And "Ike" Meet Guest

Mrs. Dwight Morrow (left) enlivens the ceremonies attending the visit of a New Jersey delegation at Dwight Eisenhower headquarters in New York Wednesday. Mrs. Morrow, whose late husband held posts as Ambassador to England and Mexico, exclaimed "Oh, I'd love to" when Eisenhower asked if she'd mind shaking hands with him. And a moment later she obliged. Mrs. Eisenhower is in center, standing with the New Jersey visitors, including some convention delegates.

WILL CONVERT COURT HOUSE FOR OIL HEAT

The Adams County Court House heating system will be changed from coal to oil, the County Commissioners decided Wednesday.

Bids will be asked for the materials needed to convert and for the work involved in changing the present furnace into an oil burner and making some changes in the present system of pipes carrying the heat from the boiler to the radiators.

The bids will be opened at the meeting of the commissioners to be held at the court house July 2.

Two 3,000-Gal. Tanks

Members of the board of commissioners said today it is their hope that the operation converting from coal to oil heat can be completed prior to the need for fire in the fall.

Plans for the conversion made by William K. Hood and Associates, York consulting engineers, were approved by the commissioners and will be the basis of the advertisements for bids. The commissioners hope to have the invitations for bids ready by Friday.

The plans also call for installation of two 3,000 gallon tanks under the lawn to the north of the court house along W. Middle St.

BEE KEEPER IS FINED \$25

Joseph Sanders, Gettysburg R. 3, was "stung" to the tune of \$25 and costs this morning by Justice of the Peace Robert P. Snyder, for keeping his bees in what might be termed "slum quarters" for the winged stingers.

Sanders was arrested by state police on a charge placed by Jack D. Kirk, deputy inspector of the state Department of Agriculture. The charge alleged that Sanders was keeping his bees in old fashioned hives which did not permit inspection for disease.

The action was taken under the state law of 1921 which states that all bees must be maintained in modern movable frame hives which permit complete inspection. "If such frames are not provided the owner of the bees is guilty of a public nuisance and is a menace to the community," according to the law.

OBSERVE 59TH WEDDING DATE

Mr. and Mrs. James W. Izer, Fairfield R. 1, observed their 59th wedding anniversary Wednesday at a dinner at Banker's Lincoln Highway Restaurant. Among those present were a daughter, Miss Dora C. Izer, and a granddaughter, Janet Kint.

The celebrants were married at St. Francis Xavier's Church June 11, 1893, by the Rev. Fr. Joseph E. Smith. They are both natives of Adams County, and have always resided near Fairfield. Mr. Izer was a tax collector for Hamilton Township for 16 years and was employed at one time by the Western Maryland Railroad.

There are five children, 12 grandchildren and 18 great-grandchildren. Both are in good health.

MEETING JUNE 24

Announcement has been made that the next meeting of the Fairfield Lions Club will be held Tuesday, June 24.

Residents Asked To Decorate For Eisenhower

Local residents, especially those residing along Carlisle and Baltimore streets and Steinwehr Ave., are asked to "dress up" their properties in honor of General Eisenhower's visit here Friday.

Residents are asked to decorate their homes or business places with American flags, red, white and blue banners and streamers and other patriotic emblems as a demonstration of their interest in the Army General who led the Allies to victory in the recent world war.

They are also asked to greet the General when he passes by Friday morning.

Those who can are asked to be in the square at 11:30 a. m. Friday.

The town will be decorated for the affair.

BULLETINS

WASHINGTON (AP)—A House committee voted down 15 to 10 today a proposal that President Truman be empowered to seize and operate the struck steel mills.

It was the first formal vote by any House group since Truman went before Congress Tuesday and asked for this power.

BERLIN (AP)—The Soviet zone government decreed today an extension of its shoot-to-kill security measures to include the border around Berlin as well as the frontier with West Germany.

An order signed by Communist boss Walter Lullbrecht, deputy prime minister, directed State Security Police to "extend generally" the measures begun at first on the international frontier to "hinder the entrance of diversionists, spies and terrorists of the German Democratic Republic."

Firemen Return 1,000 Feet Of Hose

One thousand feet of new hose received by the Gettysburg Fire Company Monday for use on the new Mack truck was returned today to the Goodrich Hose Company for replacement.

The new hose was found to have the wrong size thread and could not be used on the Mack or any of the other fire trucks. Present hose is still in use on the Mack. The company hopes to have the new hose fitted with proper size threads in time to be placed on the truck for its dedication July 1.

Maine Governor Says "Ike" Can "Swamp GOP Convention"

NEW YORK (AP)—Gen. Dwight D. Eisenhower "can swamp the convention and swamp the election," Gov. Frederick G. Payne of Maine said today after a short conference with the general.

The governor was one of a steady stream of Republican supporters and convention delegates who have been calling on Eisenhower at his Columbia University home this week.

More still were in the waiting line today.

Payne said nine of Maine's 16 delegates are Eisenhower supporters, and that two presently uncommitted probably would swing to the general's side. He said five back Sen. Robert A. Taft.

These figures tally with Associated Press findings on the stand of Maine delegates.

Two uncommitted members of the six-man South Carolina delegation spent 20 minutes with the general, and came away still not talking about whom they would support for the nomination. An AP tabulation on South Carolina shows three for Taft, one for Eisenhower and two uncommitted.

Another visitor was movie magnate Spyros Skouras, who said he saw the general on a "personal matter."

For an hour this morning, Eisenhower was away from his home for a trip to his eye doctor's office, where he had a checkup a few days ago. He told reporters the check showed "his eyes were perfect." He was troubled recently with "pink eye." Aides said his eyes had been slightly inflamed when he awakened this morning.

General Eisenhower To Speak Briefly In Lincoln Square At 11:30 O'clock Friday Morning

Judge W. C. Sheely, President Judge of the Adams-Fulton courts, will introduce General Eisenhower to the crowd in Lincoln Square at approximately 11:30 o'clock Friday morning, it was announced early this afternoon. General Eisenhower, Governor Fine, Senator James H. Duff and State Chairman M. Harvey Taylor will arrive in the square in an open car. Senator Edward Martin will be unable to meet Eisenhower at Harrisburg but will go direct to the farm from Washington.

General Dwight D. Eisenhower, Gettysburg's and Adams County's most illustrious resident, comes "home" Friday and will make a brief personal appearance in Lincoln Square at approximately 11:30 o'clock. Because of the "tightness of his schedule" and the limited time prior to his meeting the Pennsylvania delegates to the Republican National Convention at his farm, the General may not be able to make a public address.

However, local residents, who have been working with the national committee on arrangements, are making every effort to have the General speak briefly. "No doubt General Eisenhower will have something to say to his friends and neighbors," a committee spokesman said.

Town Sharing Spotlight Of Glamor With Visit By Ike

Gettysburg is dividing the spotlight of publicity with the big events throughout the world these days because of the forthcoming visit of General Eisenhower to his farm near here Friday.

The following piece, prepared by The Associated Press, was teletyped to approximately 2,000 newspapers:

GETTYSBURG, Pa., June 10 (AP)—Residents of this historic battlefield town today readied a rousing welcome for "neighbor" Eisenhower when he visits his farm home near here Friday.

Gen. Dwight D. Eisenhower will come here from New York with members of the Pennsylvania delegation to the Republican presidential convention.

This visit will mark the general's first appearance here since he purchased a farm on the edge of the Civil War battlefield last year.

Even though Eisenhower plans to be in town only a few hours, townspeople are determined to make his visit a memorable one.

Plan Serenade

Plans are being rushed for a gala serenade for the general, replete with bands and an escort of national guardsmen.

Flags and bunting reserved for special holiday occasions are being pulled from mothballs to dress the community in its Sunday best. Street cleaners have been ordered to give the main streets a special washing early Friday morning.

The Eisenhower farm is located about three miles southeast of the southern Pennsylvania town. The eastern boundary of the 189-acre farm skirts the edge of the battlefield reservation. Many of the monuments dotting the rolling area where the Blue and the Gray once fought are visible from the farmhouse porch.

The house itself, a century-old weathered brick structure, is tucked in the center of the rolling farm. It is surrounded by a cluster of red frame outbuildings and a massive 60-year-old barn, painted red with blue shutters and a tin roof.

The problem of accommodating the 140 delegates and alternates when they visit the general Friday is complicated by lack of feeding and meeting facilities. Although the farm house contains nine rooms, all are small and incapable of handling a large crowd.

Speaks In Square

The accommodating dilemma will probably be overcome by having a picnic luncheon on the big lawn at the side of the farm house. Afterwards, Gov. John S. Fine will introduce the general to the Pennsylvania delegates. The meeting is being held to give the delegates an opportunity to hear the general's views first hand.

Townspeople hope the general will find time to appear in Gettysburg for a brief talk during his visit, but such plans so far are a question mark. (Editor's note: The general speaks in Lincoln Square Friday morning at 11:30 o'clock.)

Older Gettysburg residents remember when Eisenhower served for a six-month period here at Camp Colt in 1918 when a young army captain. It was while at Camp Colt, now abandoned, that Eisenhower held his first independent command. He was a leader of a tank unit. He also received a promotion during his duty here—from captain to major.

The far-flung battlefield site surrounding this town of 7,000 now draws some 800,000 tourist visitors a year.

TRUCK STARTS \$14,300 BLAZE

Sparks from the exhaust of a truck containing hay were blamed by owner and tenant as the cause of a \$14,300 fire at noon Wednesday on the farm of George Anderson, East Berlin R. 1.

The blaze destroyed a \$12,000 barn and crops and machinery worth \$2,300 on the farm tenanted by Mr. and Mrs. Paul Nell.

Members of the East Berlin Fire Company saved a silo, hog stables and some outbuildings, aided by favorable wind direction.

Two employees, Charles Trimmer and Charles Weaver, were unloading baled hay when sparks ignited the hay. They thought the fire was extinguished and went to the kitchen for water. When they returned and opened the door of the barn the entire structure burst into flames.

All the animals were safely removed.

FILE CHARGES IN THEFT AT YORK

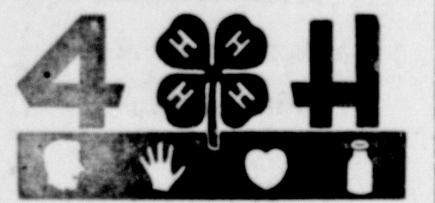

Larceny charges were filed Wednesday against a man who York city detectives said admitted, after two days of questioning, to taking nearly \$115 last Wednesday from the safe of a York parking lot owned by City Councilman Theodore P. Carpenter.

Held for a hearing before Seventh Ward Alderman, Paul C. Barnhart was Donald Eugene Lemke, 21, who gave his current address as East Berlin R. 1. Information against Lemke was signed by Carpenter, operator of the lot at 15 W. Philadelphia St.

Detective Lt. Martin L. Avis said all members of the bureau had a hand in the questioning. Lemke was picked up after a four-day search by Detective Leonard Landis.

Avis said Lemke told detectives he visited the lot between 7:30 and 7:45 p.m. June 4, slipped into the office shed while the attendant was parking a car and rifled the open safe of six change bags containing a total of \$114.65. Carpenter said the bags had been collected from other lots in his Capital Parking lot system at the end of the day shift.

Detectives recovered \$37 of the loot, Avis said. In his capacity as police court magistrate, Barnhart had ordered Lemke held for 48 hours further investigation Wednesday morning at the request of the detective bureau.

Cracker spreads, including a pineapple and cream cheese mix and a peanut butter, pickle and mayonnaise mixture, were prepared by the Barlow Snackers 4-H Club at a meeting held at the home of Shirley Eggleston, Gettysburg R. 1, with 15 members present. Miss Mary Jane Mickey, county home economics extension representative, directed the preparation of the cracker spreads and the making of hot spiced cider.

The program committee, Peggy Reed, Annabelle Moritz and Ann Holoka, meeting with the entire group, outlined plans for future special events including a picnic at Caledonia Park and educational trips through factories and plants. Next meeting of the group will be held next Tuesday at the home of Audrey Yingling, Gettysburg R. 1, at 7:15 p.m.

TRUMAN SHIELD "DISGRACEFUL"

SHAWNEE - ON - THE - DELAWARE, Pa. (AP)—Sen. Edward Martin (R-Pa.) said yesterday an "iron curtain of official secrecy" was placed around wrong-doers in government until congressional investigating committees turned the spotlight of publicity into the dark corners of crime and conspiracy.

"In my opinion," the senator said in an address at the annual June rally of the Monroe Council of Republican Women, "the failure of the President to take prompt and drastic action to drive the crooks out of public office and bring them to the bar of justice was one of the most disgraceful affairs in American history."

"He added: 'I do not say that any one political party has had a monopoly on wrongdoers. But I do say that whenever corruption was revealed in any administration prior to the New Deal and Fair Deal, it was met with immediate and vigorous action for the protection of the people and their government.'"

Girl Shot While Playing With Rifle

LEBANON, Pa. (AP)—A rifle found in a bedroom closet was blamed by police for the death of a three-year-old Lebanon girl.

Police said Rosemary Shalinski, daughter of a steelworker, was shot to death yesterday after she and two other little girls found a rifle in a closet and began playing with the weapon.

The youngster was struck in the right side of the head by a .22 calibre bullet.

CARDINAL DIES IN MUNICH AT 83

MUNICH, Germany (AP)—Michael Cardinal von Faulhaber, Archbishop of Munich and Freising, Dean of the German Roman Catholic clergy, died today. He was 83.

His death reduced the number in the College of Cardinals to 46. The full strength is 70.

Cardinal Faulhaber, a vigorous defender of the Church from the encroachments of both Nazism and Communism, died at this residence while thousands of Munich citizens marched in a big Corpus Christi Day procession. The bells of the Munich Cathedral joined by other Catholic churches tolled for 15 minutes after Dr. Johannes Neuhäusler, titular bishop, announced the death.

Cardinal Faulhaber had been made a Prince of the Church in 1921 by Pope Benedict XV. In 1923 he toured the United States in a campaign for relief funds for inflation-stricken Germany.

His frequent attacks on the Nazi program made him a target of abuse and threats of violence from fanatical Hitler supporters. In 1938 his archbishopric palace here was stormed by a mob. Undaunted, he ordered all church bells silent in Bavaria for a long period of time in protest against Nazi persecution of Catholics.

BRUTAL SLAYER SOUGHT BY COPS

WILKES-BARRE, Pa. (AP)—State Police said today a 40-square-mile area is being searched in an effort to find two hitch-hikers who allegedly shot and killed Mrs. Mary Roberts, 45, of Edwardsville, and wounded her husband after he offered them a lift somewhere between Scranton and here.

Jonah Roberts, 46, is in the Wilkes-Barre General Hospital suffering from a bullet wound of the left shoulder.

Police say that a detail of officers searching the area near where the shooting occurred found several 22 calibre cartridge boxes, all empty. They have been sent to the Wyoming Barracks for fingerprint tests.

Mal. Charles J. McRoe, State Police and Capt. Albert L. Plick, who led the search party, said the hitch-hikers are either hiding in one of the numerous summer bungalows in the area or have slipped through roadblocks set up by police.

Upper Communities

Telephone Mrs. Walton, Biglerville No. 8

A practice will be held Saturday afternoon at 1:30 o'clock at the Wensville Methodist Church for Children's Day. Following the practice session there will be a wiener roast.

Miss Nancy Arnold, Longview, Gettysburg R. D., left by plane today to visit her father, Ralph E. Arnold, Gettysburg, at the home of his brother-in-law and sister, Mr. and Mrs. Norman Boardman, Atlanta, Ga. Later Mr. Arnold and his daughter will spend some time at Daytona Beach, Fla.

Betty Hall, who was a student at Bloomsburg State Teachers' College last year and is now employed at the Biglerville Telephone Exchange, is on a week's vacation.

Mrs. Stanley Seyfert has returned to Bethlehem after spending several days with Miss Clara Myers, Biglerville.

Mr. and Mrs. William Kane, Arendtsville, are on a vacation trip to Florida.

Mr. and Mrs. Russell Myers, York, visited Mr. Myers' brother and sister-in-law, Mr. and Mrs. Charles E. Myers, Biglerville, Saturday and attended the wedding of Miss Justine Lawver and Robert Detwiler at Trinity-Bender's Reformed Church Saturday afternoon.

The first teacher training class sponsored by the Child Evangelism Fellowship of Adams County was organized Monday evening at the home of Mr. and Mrs. Orville Faust in Biglerville with members present from Idaville, Gettysburg, Fairfield, Arendtsville and Biglerville.

An illustrated Bible verse and songs as well as an illustrated message were presented by the use of the flannel board by Mrs. Faust.

The sessions are conducted similar to a good news club in order to demonstrate how they operate. Sunday School teachers of children and those interested in opening their homes or to serve as teachers of Good News Clubs are invited to attend these classes.

The next meeting will be held at the Faust home on Monday evening, June 23, at 8 o'clock. At this meeting the method of backing figures with flannel will be demonstrated as well as the illustrating of a message.

Classes will be held regularly the second and fourth Mondays during the summer months. The county board will meet next Tuesday evening at the home of George Coleman, Gettysburg R. D., for a regular business session.

Mr. and Mrs. E. Mark Hartman, Biglerville R. 2, and Mrs. Luther Lawver, Carlisle road, attended the commencement exercises of Temple University, held at Convention Hall, Philadelphia, today. Mr. and Mrs. Hartman's daughter, Miss Doris Hartman, was a member of the graduating class of the University's School of Nursing.

Mrs. Daryl Cardell, Margate, N. J., arrived today for a visit with Mrs. Richard C. Walton, Biglerville.

Rowboat Overtakes And Girl Drowns

SCRANTON, Pa. (AP)—A rowboat carrying three young girls overturned on a small lake at nearby Elmhurst yesterday. One girl drowned and the other two were rescued.

Police said they were told the boat capsized when one of the occupants stood up to retrieve an oar. The victim was 15-year-old Jean Tisko, a resident of Our Lady of Fatima Institute, Elmhurst.

Liked To See Fire Engines; Set 6 Blazes

LANCASTER, Pa. (AP)—State police said a 17-year-old New Holland youth has confessed to setting six barn fires in the vicinity of his home during the past year.

Corporal Robert Strahan, state police fire marshal, said the boy admitted setting the fires, explaining that he likes to see the fire engines run. The fires caused more than \$100,000 damage. The youth was turned over to Lancaster County juvenile authorities.

DANCE AT LEGION

a speaker and special entertainment in connection with the observance of the anniversary of the Battle of Gettysburg.

A report on the cost of boots was received, but no action taken. The matter will be discussed next month. Weaver and McSherry urged all firemen to turn out for parades.

McSherry reported winning \$70 at New Windsor and \$50 at Union Bridge. He announced that firemen parade tonight in Taneytown. Flag Day exercises here Friday and the parade at Irishtown Saturday. "If we had 25 more to parade we could win every prize in every parade this summer," McSherry said.

Radio System Nears

Approval of the plan for placing 36 six-volt and six 12-volt radios in fire trucks throughout the county and placing an auxiliary power unit in the Gettysburg firehouse to power the central transmitter is now "up to Washington, D. C.," President Weaver said. He reported that the Adams County Commissioners will give a substantial donation toward purchase of the system if it is approved by state civil defense heads. He now has in writing a guarantee by state civil defense authorities to approve the plan if the federal government gives its O.K., Weaver said. He added that the application has been forwarded to Washington.

A letter of thanks from the Alpha Fire Company of Littlestown was read. The letter stated that the Littlestown company appreciated Gettysburg sending a truck there May 10 to stand by in connection with a fire.

Secretary Harold Culp asked the members "to think over" until the next meeting the idea of the company making or purchasing its own tables for use in connection with turkey parties and other affairs held by the firemen. The Arendtsville firemen, he said, have constructed their own tables and it might be possible for the local company to do so.

Previously the company has borrowed tables each time it has held an event.

Glenn Harner, Jack Hartman, Robert Hartman, Paul Helwig and Henry Herring were named as the refreshment committee for the June meeting.

The June session, it was decided, will be held at the 40 and 8 chateau in South Mountains if the building can be secured for the date.

A committee comprising Richard Cole, Charles W. Culp Jr. and George March was named to investigate arrangements for the delegates to the State Firemen's Convention at Scranton. The hotel at which reservations were made by the local firemen was damaged by fire recently.

Dunning Idle Has Picture In Magazine

The July issue of Photography Magazine contains a color photograph by Dunning Idle IV, Yale graduate student. It was made while he was mountain climbing in Switzerland in September, 1950, upon his return from a visit to his parents, Dr. and Mrs. Dunning Idle, in Medan, Sumatra, Indonesia.

The pictures shows his guide, Joseph Biner, on the summit of the Ober Gabelhorn, with the Matterhorn in the background. They also climbed the Matterhorn together. The editors of Photography chose Mr. Idle's color transparency from over 15,000 submitted during the first month after the magazine requested color pictures from its readers.

Boy Seriously Hurt By Horse At Thurmont

Clifford Cramer, aged about 14, Poolville, Md., suffered severe head injuries when he was kicked in the head by a horse during an auction at Thurmont about 11 o'clock Wednesday morning.

Dr. Bruce N. Wolff, Warner Hospital surgeon who was attending the auction, treated the boy and sent him to the Frederick Memorial Hospital. There the lad remained unconscious until this morning when he was described as in a "semi-conscious state." The extent of the injuries have not been determined.

The boy's father lives at Poolville but the youth is said to live with and work for Reedy Evans, Martinsburg, W. Va., horse dealer.

TWENTY YEARS AGO

Wentz Heads Local Lions: R. W. Wentz was elected president of the Gettysburg Lions' club, succeeding Dr. W. E. Tilberg, at the luncheon meeting at the Hotel Gettysburg Monday evening.

Other officers chosen include A. E. Hutchison, Ralph Z. Oyler and Dr. G. C. Bassett, vice presidents; Guile W. Lefever, secretary; E. H. Dougherty, treasurer; James P. Cains and Prof. Lloyd C. Keefe, directors; Dr. R. D. Wickerham, lion tamer, and M. T. Hartman, tail twister.

Council Votes to Buy New Automobile: Gettysburg's Police Department will soon be motorized.

At the meeting of council Monday evening the property committee was instructed to purchase an automobile for the officers if the cost is less than \$500.

Council pointed out that Officers John H. Keller and George B. Auchinbaugh are frequently called to various parts of town and are forced to use their own machines.

Council also instructed the secretary to advertise for bids for a truck to replace the present truck used by the borough's highway department.

School Honors for Local Girl: Na-

tional, state and local honors have recently been received by Miss Mary Eberhart, Springs Ave., who was graduated from St. Joseph College, Emmitsburg, Wednesday afternoon, for her literary ability.

Last year Miss Eberhart won the Sterling Galt award for literary excellence in journalism.

Princess of Syria to Give Three Talks Here: Bringing to Gettysburg the witchery of the Orient linked with the democratic ideals and education of the West, the Princess Rahme Haidar, of the Arab tribe of Benihassan, known for her writings on Palestinian life and her dramatization of Biblical oriental stories, will deliver a series of three lectures at the Gettysburg Presbyterian Church Sunday, Monday and Tuesday evenings.

Gets School Post: Orville B. Orner, a member of this year's graduating class of Gettysburg College, was elected an instructor in the Mt. Wolf Junior High School.

Strawberries Plentiful at Market: Adams county strawberries, large, luscious fruit, flooded curb market Saturday morning, prices ranging from 10 cents a box to two and three boxes for 25 cents. Although buying of strawberries was brisk, hucksters had many boxes remaining when market closed.

Spring chickens ranged from 40 to 75 cents each, dressed. Live chickens brought 17 cents a pound.

Asparagus sold at 10 and 15 cents a bunch, spring peas at 15 and 20 cents a quarter peck.

Miss Sandoe Is Wed Saturday: Miss Isabelle Sandoe, daughter of Mr. and Mrs. Ralph Sandoe, of Biglerville, and Harry W. Guise, son of Mr. and Mrs. Earl Guise, of Harrisburg, were united in marriage at 8:30 o'clock Saturday evening by the Rev. Henry W. Stenat at the Lutheran parsonage in Biglerville.

The groom is employed at the Gettysburg furniture factory.

College Graduates Joined in Wedding: Merle Jacob Shultz, son of Mrs. Annie Shultz, Cashtown, and Miss Josephine Virginia Seville, a teacher at Levels, W. Va., were married on Thursday evening at the home of Mr. and Mrs. C. D. Carter, Shepherdstown, W. Va., by the Rev. Joseph E. Guy, pastor of the Reformed Church.

The wedding followed the graduation of both the bride and bridegroom from Shepherd College, Shepherdstown, on Wednesday.

John H. Mickle Graduates from Medical School: John Hoke Mickle, son of Guy W. Mickle, Chambersburg street, received his degree in medicine from the University of Maryland at commencement exercises in Ritchie Stadium, College Park, Md., Saturday afternoon.

Dr. Mickle was awarded the \$25 Dr. A. Bradley Galt prize for the best work in genitourinary surgery during his senior year.

Today's Talk

By GEORGE MATTHEW ADAMS

SO MANY HIDDEN THINGS

The invention of the microscope opened up a new world, as did the telescope. This earth is still hidden with many a secret yet to be discovered. Few people pay any attention to insects, except when they are annoyed by them, yet many men have devoted their lives in trying to find out all about them. Fabre, the Frenchman, was probably the greatest of them all. His books on insects are fascinating and revealing.

Lovers of animals, who have given of their love and time in training them, constantly learn new things about them. As soon as they discover that man means no harm to them they become friendly. On my way to my office in the big city, the streets in many places are taken up with pigeons, so tame you have to be careful not to tread on them. These birds are born of parents unfearful, and so they know no ordinary fear.

At my home in the city I have tame grey and black squirrels. They come to the window each morning, where I pass to take my car to my office. I always have a nut to give them, for which they are grateful. They take it from my fingers. Sometimes I tease them and they will stand on their hind legs and beg. I wonder what they think of me? How very little we know of anything. There are so many hidden things.

I was reading the life story of a popular writer recently, and though he was greatly admired and apparently had many friends, the author of the book made the statement that actually very few people, even those of his family or close to him in business, really knew him. For some reason there are hidden things about us all. There is much about ourselves that we can't fathom or understand!

It is so unjust to criticize other people. There is too much hidden within them that we know nothing about. We can always afford to be generous and magnanimous. To do so brings out qualities of character that we probably never suspected!

Tomorrow Mr. Adams will talk on the subject: "Again, Those Eyes of Yours."

Just Folks

MOTHER DAYS

When I was just a youngster small
All mother's days, as I recall,
Began with breakfast for us all.

When neatly dressed was every one
And off to school she watched us run,
The morning dishes must be done.

She made the beds in which we slept;
In order every room she kept.
The chairs she dusted; floors she swept.

When we were safely tucked in bed,
Downstairs to Dad she'd softly tread.
"Now I can rest a bit," she said.

Escaped Convict Stabs Girl Fatally As Cops Close In

CARMEL, N.Y. (AP)—An escaped convict, making a desperate effort to seize a getaway car, stabbed a 9-year-old girl hostage to death yesterday as police closed in on him.

Hit by three police bullets, the convict surrendered and was taken to a hospital.

His little victim, stabbed with a butcher knife as her mother looked on helplessly, died an hour later.

Stabs Child After Shot.
The slayer, Donald Snyder, 25, of Canastota, N.Y., gave warning of his desperation and cried:

"If you come near me, I'll stab the child."

Alex Williams, 45, school bus driver and a special policeman, tried to persuade Snyder to release the child, Betty Lou Arnold. As he talked, he sidled up closer and fired, hitting Snyder. The convict then plunged the knife into the little girl's abdomen.

Williams fired two more shots, and Snyder gave up the fight.

Two Children Fled.
Williams drove the school bus that brought Betty Lou home late yesterday.

The little girl, daughter of a prosperous hardware merchant, was crossing the lawn to join her young sister and another child

when Snyder emerged from behind a bush.

He walked up to the house and told Mrs. Snyder:

"I'm an escaped convict. The cops are after me. I'm not fooling. I want you to let me in here or I'll take your children."

Grabbed Butcher Knife.
The mother screamed to the children: "Run, Run!" Two of them ran, but Snyder seized Betty Lou. Williams, seeing Snyder grab the child, drove away to get his gun.

As Mrs. Arnold ran toward a phone, Snyder kicked open the house door, dragged Betty Lou into the kitchen and grabbed the butcher knife.

He told the woman: "I want you to drive me to New York"—more than 50 miles away.

As Snyder held the knife close to the child, her mother led them to the cellar garage and they got into the family car.

While Mrs. Arnold stalled for time, Williams arrived with his gun. He and State Trooper Raymond Scarrachio, summoned by neighbors, sought to rescue the child.

Snyder, who was serving a 2½-5 year term in Green Haven State Prison for auto theft, had escaped Tuesday.

Putnam County Dist. Atty. Fred A. Dickinson said a murder charge against Snyder would be presented to a grand jury tomorrow.

Littlestown
"REC" PROGRAM
OK'D BY BOARD

The summer recreation program was presented and approved by the Littlestown School Board at the June meeting on Tuesday evening.

The program will begin on Monday, June 23, and will be conducted on the community playground with daily instructors in charge. The meeting was presided over by the president, Carl H. Baumgardner. Receipts for the month included \$672.20 from the Commonwealth of Pennsylvania for reimbursement for the school nurse, \$164.35; balance due for the remainder of the year to the Littlestown Joint School System, \$1,605.24. Notice was received of a deduction of \$345 recently from the State of Pennsylvania for reimbursement for the deaf and dumb school for Gwendolyn Shull, who is attending.

Supervising Principal Paul E. King was instructed to publish Act 193, House Bill 277, approved by the government in June, 1951, stating that each new resident moving into either district and all who become 21 years of age, must notify the tax assessor of the moving or becoming 21 within one year. The penalty for failing to comply with this law is double the per capita tax.

News From St. Mary's
In attendance at the Tuesday session included all members of the board: President Baumgardner, Lloyd E. Crouse, Henry E. Waltman, Wilbur E. Mackley, Karl P. Bankert,

Detroit Publisher, Radio Pioneer, Dies
DETROIT (AP)—William E. Scripps, 70, president of the Evening News Association and publisher of the Detroit News, died this morning at his Lake Orion country estate.

His widow, Nina, said Scripps died of a heart ailment brought on by a prolonged respiratory disease.

Mrs. Scripps, two sons, Robert Warren and William John, and a daughter, Mrs. Richard Spitzly, all of Detroit, were at his bedside when Scripps died.

Had he lived until June 26, Scripps would have completed 56 years of service to the News founded by his father, the late James E. Scripps, in 1873.

In addition to his newspaper activities, Scripps was a pioneer in radio broadcasting. He founded the News operated radio station WWJ in 1920. WWJ was the first station in the nation to carry a regular schedule of broadcasts.

JUDY GARIAND Is Wed Third Time
SAN FRANCISCO (AP)—Judy Gariand, everybody's kid sister a few years ago, was embarked on her third marriage today after a secret wedding to her business agent, Sid Luft.

The story of Judy's wedding to Luft came out yesterday after reporters found Judy's true name, cis Mauder March 22.

Mauder married Wright's 19-year-old niece four months before he was killed. Wright said the fatal argument started over Mauder's treatment of his bride.

The jury deliberated less than two hours before returning its verdict yesterday. Second degree murder carries a 10 to 20 years prison sentence.

Judge John T. Duff deferred sentence after Wright's attorney indicated he will ask for a new trial.

SAYS CASSEROLE DISHES EASY TO MAKE; TASTY

By CECILY BROWNSTONE

"Casserole dishes are natural for meals," says cookbook author Marian Tracy, "because there are so many delicious ways of preparing fish and cheese and eggs in them." Mrs. Tracy ought to know because her first book, "Casserole Cookery," has helped make this easy-to-method of cooking popular all over this country. She confesses:

"I learned to take shortcuts in cooking because my husband took long cuts."

"Nino had a wonderful way with food and loved to give parties. He would putter over a dish ecstatically until midnight. The trouble was that when he was ready to serve everyone else was ready to go home."

"Late one night, when Nino's dinner was at last on the table, one of our guests refused to join us: 'I never eat just before I go to bed,' he said."

"That's when I decided some-

thing had to be done, got interested in casserole cookery, and lured my husband into creating some wonderful casserole dishes. By letting several foods—some of them quick-frozen or canned—burb together in a casserole in the oven, we could relax and enjoy our friends. And we could still eat dinner, if not at seven when Nino cooked, at least by eight. Then all we had to do was to bring the casserole to the table, add a salad, an interesting bread, coffee, cheese or fruit or some other dessert."

Compiles Recipes

At that time Mrs. Tracy worked in a Washington, D. C., book shop, but she wasn't able to find any book devoted to casserole cookery. She noticed, too, that customers kept asking for such a cookbook. This spurred her on to put down the casserole recipes the Tracys had concocted, to track down and develop new ones, and to write a casserole book herself. So many of the people who enjoyed that first book wanted another similar one, and that's why "More Casserole Cookery" (Viking, \$2.75) has just appeared.

Both the Tracy casserole cookbooks not only offer shortcut cookery, but encourage informality. Their special format is beguiling: Just one easily read recipe to a page with an accompanying short menu. Casserole cookery and short menus cut down on pots, pans and platters.

Because she has no taste for dessert herself there are none in Mrs. Tracy's "Casserole Cookery." But she says she has finally given in to readers' tastes and "More Casserole Cookery" includes a number of foolproof sweets to add to a party meal.

One of Mrs. Tracy's favorite Lenten combinations is a cheese soufflé to which she adds smoked oysters. Another is this recipe.

Approve Funds For Independence Park

WASHINGTON (AP)—A bill to provide additional funds for creation of a national park around historic Independence Hall in Philadelphia has been approved by the House Interior Committee.

The bill, passed by the house group Tuesday, would authorize \$7,700,000 rather than the already approved fund of \$4,435,000. The money would be used to acquire for about 15 to 20 minutes, just until the edges of the oysters curl. Serves 4 in a civilized way.

ions, 1 clove garlic, 1/4 cup chopped green pepper, 4 tablespoons butter, 2 tablespoons flour, 2 1/2 cups canned tomatoes, 1 1/2 teaspoons salt, dash of pepper, dash of cayenne, 1/2 teaspoon chili powder, 1/2 teaspoon sugar, 2 tablespoons grated Parmesan cheese, 1 pint fresh oysters (drained), 1 pint scallops, 3 cups hot cooked rice (1 cup raw).

Saute the onion, garlic and green pepper in butter 5 minutes, or until delicately browned. Add flour and mix well. Add tomatoes, salt, pepper, cayenne, chili powder, sugar and cheese. Add scallops and oysters. Spread the hot rice in a shallow casserole and pour the oysters and scallops, in the sauce,

The measure also would authorize the construction of a library by the American Philosophical Society on the site of the original Library Hall.

YOUTH DROWNS

DU BOIS, Pa. (AP)—Sixteen-year-old Thomas Delaney drowned Tuesday in Sabula Lake near DuBois a few hours after completing his final examination at St. Catherine's High School. He and two school mates were trying to swim across the lake.

Dud Bombs Still Killing Germans

FRANKFURT, Germany (AP)—Bombs and shells from the last World War are still killing people in Germany. Rubble left by Allied air raids still hides many dud bombs.

Ten major explosions of wartime bombs or munitions within the last three years have killed 27 and wounded 21 persons. A recent U. S. Army report said its bomb disposal squads had disarmed some 1,400 items of unexploded ammunition during the first three months of this year. In the second half of last year, 122,000 duds were recovered.

Boy Gets Citation For Securing Aid

NEW YORK (AP)—A 9-year-old boy received a citation recently for his alertness in summoning aid in a Boston hotel fire. Police Commissioner George P. Monaghan made the presentation for the Police Athletic League.

The youngster, Alfred Catal, smelled smoke and aroused his mother. Then he traced the smoke to another room and pounded on the door to arouse the occupant. When this failed he ran to get help.

SEEK TO REOPEN PLANTS TO GET STEEL FOR KOREA

WASHINGTON (AP)—Union and management officials get together with government chiefs today to plan the reopening of a few strike-bound steel plants to produce weapons for U.S. troops fighting in Korea.

On Capitol Hill, the Senate faced new moves to arm President Truman with power to seize the industry again, and force all of its far-flung plants back into operation for other defense needs and the

civilian economy.

Four times in two days the Senate has rejected by top-heavy margins proposals to give Truman the seizure powers he asked, voting instead to request him to invoke the Taft-Hartley Act's anti-strike injunction provisions.

Might Help Some

When steel industry negotiations collapsed last Monday night, both industry and union agreed to reopen enough plants to produce the steel needed for the Korean fighting. Truman told Congress this might help some, but wouldn't satisfy all defense needs.

A 17-man group, including eight government officials, was meeting with John R. Steelman, Truman's assistant, to work out details of the steel-for-Korea plan. Secretary of Defense Lovett and

AIRLINES MUST GIVE DISCOUNT

WASHINGTON (AP)—The Civil Aeronautics Board says scheduled airlines must continue granting 5 per cent discounts on roundtrip tickets.

The board denied, for the second time yesterday, a petition by Capital Airlines that it modify an earlier order and eliminate the discounts immediately.

Last April the board granted the airlines permission to increase airline ticket charges a flat \$1 each.

At the same time the board held that the petition of the airlines for dropping of the round trip discount should not be granted.

The airlines had estimated that the dollar-a-ticket boost would yield 16 million dollars in additional revenues, and that elimination of the discount would add 12 million dollars more annually.

Uncover Strange Gap In Pa. Criminal Law

EASTON, Pa., (AP)—A County Court judge has ruled that "through a strange omission in criminal law," it is not a crime in Pennsylvania to conceal a man after he has broken out of jail.

President Judge William G. Barthold of Northampton county made the comment yesterday in quashing indictments against William Klobber, 38, Danielsville, Pa., and Stephen F. Klobber, 31, of Bath, Pa.

The brothers were charged with concealing Michael J. Senkovich of Allentown after he escaped from the Bucks County jail in Doylestown last December.

9 PARDONS GRANTED

HARRISBURG (AP)—Nine pardons and 22 commutations of sentences were granted yesterday by Gov. John S. Fine on recommendation of the State Pardons Board. He acted on cases reviewed by the board at its hearings May 20-21.

Defense Production Administrator Henry Fowler led the government group. Industry was represented by vice presidents of five major steel companies, and the CIO Steelworkers Union by three union leaders.

ROY BROWER DIES

OIL CITY, Pa., (AP)—Funeral services will be held Saturday for Roy Brower, 72, a member of the Venango County Board of Commissioners and a veteran newspaperman.

Brower, a life-long Republican, died unexpectedly yesterday. He was production manager of the Franklin News-Herald and was a former advertising manager of the Oil City Derrick.

The traditional "seven seas" included the North and South Atlantic, North and South Pacific, Indian, Arctic and Antarctic oceans, the last of which does not exist.

KOJE CHECKUP BY NEUTRALS IS PROPOSED

WASHINGTON (AP)—A proposal to invite neutral military leaders to observe the treatment of Communist prisoners of war on Strife Island got a mixed reaction in Congress today. The suggestion by Sen. Richard B. Russell (D-Ga.), was endorsed by President Truman.

Some Democratic senators said it would help offset Communist propaganda about the "mistreatment" of Red prisoners. But Republicans, if not hostile to the idea, expressed skepticism that it would prove effective.

President Truman suggested in a letter to Secretary of Defense Lovett yesterday that military men from five neutral nations be asked to visit Korea to see at first hand how Communist prisoners are treated by United Nations forces.

Reactions Mixed

Sen. Robert Kerr of Oklahoma, one of Russell's rivals for the Democratic presidential nomination, promptly called it "an excellent suggestion."

Similar comments were made by Sen. Fulbright (D-Ark.) and Sen. Moody (D-Mich.).

Lutheran Pastor Lands Big Trout

Rev. Philip Bower, Emmitsburg, was one of the fortunate fishermen to bring home one of the big ones from Hunting Creek, near Thurmont. He hooked a 6 1/2-lb. 23-inch rainbow trout recently and after battling for about three quarters of an hour succeeded in getting the fish into his landing net. He used a white feather streamer with a red head and the fish struck deep on the swirl. During the time he was playing the fish there was an audience of several other fishermen and Warden Phebus and Cattell. Rev. Bower said he had taken several three-pound bass with the fly rod but this was the largest fish of any kind he has ever taken on a fly rod.

The fish has been entered in the Hoke's Hardware Contest at Emmitsburg and also in the Field and Stream Magazine Fishing Contest for the Eastern Division of the United States. According to the record the largest trout caught in the eastern part of the United States last year on artificial fly was taken in Maine and weighed only four ounces more than this one.

The fish was served baked at a dinner last Wednesday with Dr. and Mrs. Robert Hampton of Baltimore and Emmitsburg and Miss Grace Howe as guests.

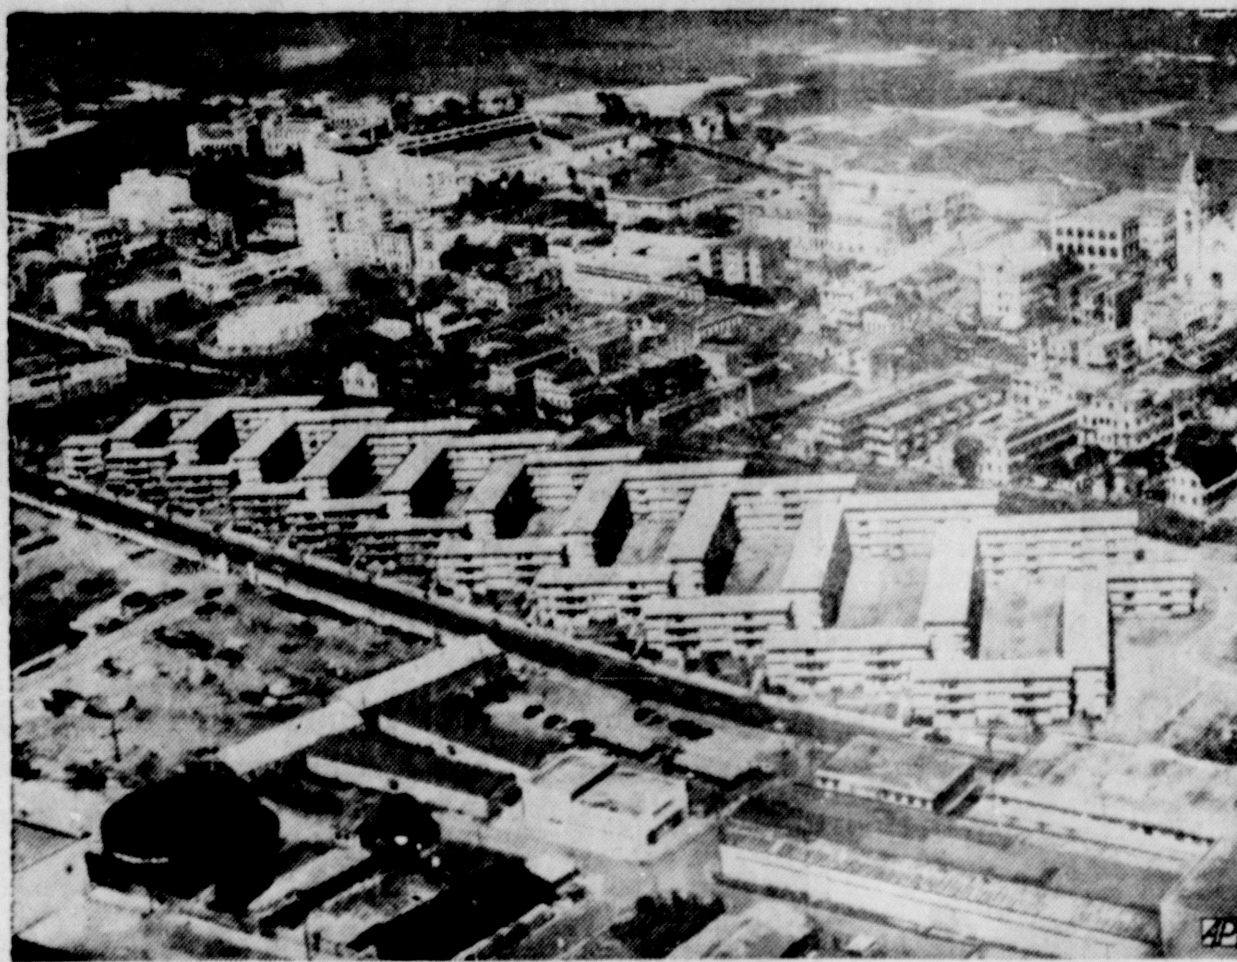

To Hold Social For High School Grads

A social evening will be held at the Elias Lutheran parish house Tuesday beginning at 8 o'clock. There will be games and refreshments sponsored by the Loyal group. The Emmitsburg High School graduates of 1952 together with all those who have been away to college are invited to be the special guests of the Loyal group for the evening. Guests from neighboring towns are also being invited.

PLAN PUBLIC FESTIVAL
The Ladies' Auxiliary of the Emmitsburg Memorial Post 6658, VFW, will hold a strawberry festival and bake sale on Saturday, June 21, at the Firemen's Hall beginning at 4 p.m. A plate lunch will be served for 75 cents. Salads, sandwiches, and strawberry shortcake will also be on sale. Everyone is invited.

Mr. and Mrs. Carmel Kelly and Mr. and Mrs. Thomas Harbaugh attended a party held at the Eagles

REDUCING SLUM AREAS—The Puerta de Tierra low-income housing project rises in heart of old San Juan, Puerto Rico, near waterfront. The eleven units have 484 apartments.

Club, Gettysburg, last Saturday in honor of the Kelly's wedding anniversary and Mrs. Harbaugh's birthday.

Mr. and Mrs. Frank Kelly and Mr. and Mrs. Carmel Kelly and daughter, Barbara, and Mrs. Thomas Harbaugh and son, Tommy, visited Mr. and Mrs. John Hobbs, Baltimore, on Sunday. They also made a tour of the Baltimore Zoo at Carlin's Park.

A surprise lawn birthday party was held at the home of Mr. and Mrs. Paul C. Glass, Sunday, in honor of Miss Betty Smith, Gettysburg, and Mrs. Ruth Sparks, East Berlin. Among those present were Mrs. George Smith and daughter, Debra, Margaret Matthews, Beulah Glass, Eric Glass and Elva Sparks and family.

Mrs. J. William Wetzel, St. Anthony's, attended the graduation of her nephew, Eugene Callahan, at Loyola College, Evergreen, Baltimore, Sunday evening. Mr. Callahan received the degree of Bachelor of Science in Social Science. Mrs. Wetzel was accompanied to Baltimore by her niece, Miss Susanne Callahan, the graduate's sister, and Victor Wolfe, Emmitsburg, who also attended the graduation.

Miss Rita Jordan, Baltimore, spent the week end with her parents, Mr. and Mrs. John Jordan, near St. Anthony's.

Miss Anne Eckenrode, Baltimore, visited Emmitsburg over the week end. Sunday guests of Mr. and Mrs. Paul Glass were T/Sgt. and Mrs. Glenn Q. Glass, Washington, D. C., and Mrs. Harry McNair Jr., Emmitsburg.

Miss Jeanette Brotherton, Miss Helen Gardner and Mrs. Margaret Vins, all of Baltimore, spent the week end at Miss Brotherton's summer home near St. Anthony's.

Mrs. Carl Harner, Laurel, Md., was a caller on Sunday at the home of Mrs. A. A. Martin and other friends and relatives in town.

John Law of New York attended the graduation exercises of St. Joseph's High School. His daughter,

Suzanne, was a member of the graduating class. Mr. Law's brother of Vincent on Yonkers, N. Y., also attended the commencement.

Miss Thelma Cool, Baltimore, visited over the week end with her parents, Mr. and Mrs. George Cool. Mr. and Mrs. Alexander Collier, Altoona, visited over the week end with Miss Grace Rowe. While here they attended the alumni banquet at the Emmitsburg High School on Saturday evening.

Mr. and Mrs. Bernard Frazer and children, Gettysburg, visited on Sunday with Mrs. Frazer's parents, Mr. and Mrs. Russell Wetzel. They attended the first Solemn Mass of Mrs. Frazer's cousin, Rev. Leo Wetzel, of the Order of the Oblate of Mary Immaculate, which he offered on Sunday morning at 9:30 in St. Anthony's Shrine Church, his former parish. Father Wetzel is the son of Mrs. Nora Wetzel of near St. Anthony's. Others from Gettysburg who attended the Mass were Mrs. Daniel Callahan and daughter, Mary Louise, and son, Paul.

Lee Bosley, Baltimore, is spending some time with his grandparents, Mr. and Mrs. Raymond Baumgardner. Mrs. Baumgardner visited Tuesday with Junior Meskill who is a patient at the University of Maryland Hospital.

Mrs. Fred Bower and children and Mrs. Roy Bollinger left Monday morning for Jacksonville, Fla. Mrs. Bower and family will reside in Jacksonville, where her husband, S/Sgt. Fred Bower, is stationed with the U. S. Marines. Mrs. Bollinger will return home during the week.

Miss Mary Eckenrode and sisters, Annie and Bertha, and Miss Alice Kelly spent Tuesday in Frederick. Charles Orndorff, Altoona, Pa., visited over the week end with his parents, Mr. and Mrs. Frank Orndorff.

Murray Not Taking Salary For Strike

PITTSBURGH (AP)—Philip Murray, \$25,000-a-year president of the striking CIO United Steelworkers and non-salaried head of the CIO, says he and other top steelworker officers are not taking any salary payments for the duration of the 10-day-old strike of 65,000 steelworkers.

That is a usual custom, Murray declared. He added that the only steelworkers' employees being paid "for the duration" are regular office employees.

Murray has called his executive board and wage policy committee here for a meeting tomorrow morning. He will review White House peace talks which failed to end the long controversy over a new con-

tract and precipitated the nationwide shutdown.

WAR ORPHAN ARRIVES

NEW YORK (AP)—A three-year-old Greek war orphan arrived at Idlewild airport here yesterday on his way to a new home in Vandergrift, Pa.

The youngster, John, was met by Mrs. Evdokia Salaris, who has adopted him. The boy was one of 33 arriving here, most of them en route to homes in the Chicago area.

HOW SENATORS VOTED

WASHINGTON (AP)—Senators Edward Martin and James H. Duff, Pennsylvania Republicans, both voted with the majority yesterday as the Senate rejected a steel plant seizure plan proposed by Sen. Wayne Morse (R-Ore.). The vote was 54 to 26 against the plan.

Down the Line
with Johnny Bell

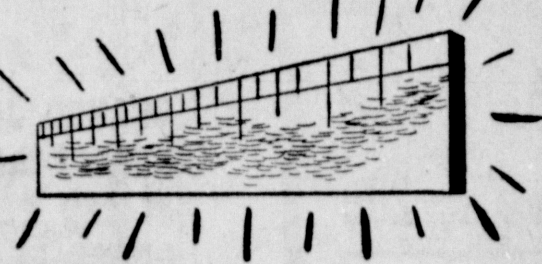

They didn't think it would work!

When E. T. Holmes, telephone manager at Boston, decided in 1878 that girls might make better operators than his rough and ready boys, he really started something! In fact, years later hard-headed males were still arguing that it wouldn't work. But work it did... and the country owes a tremendous debt to the keen sense of public responsibility women operators have shown for generations.

A good rule for better service

If something were invented to make party-line service better, it would make real news! But that something already exists. It's called "co-operation"... which simply means treating others as you'd like them to treat you. Such as remembering to replace the receiver after each call, spacing out calls so that others may use the line in the intervals, and surrendering the line to another in case of an emergency. When everyone plays the game fairly, everyone benefits!

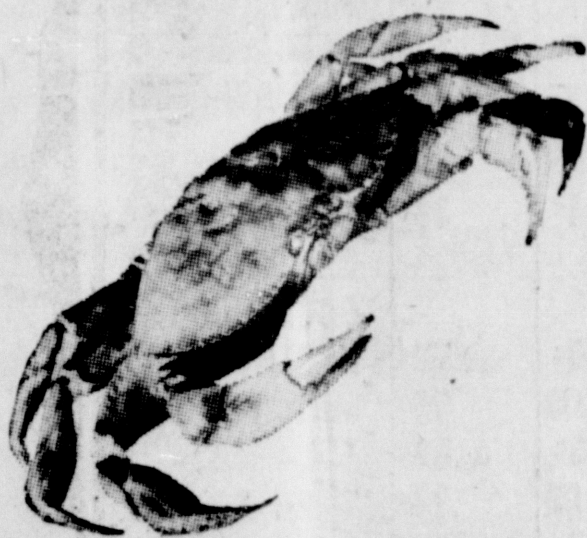

June is a good month to—

Go to weddings and graduations... Pick cherries and strawberries... Cultivate... Finish haymaking... Get the combine ready... Use fly spray on the animals and around the barn... Apply fungicides and insecticides in the garden... Plan to side-dress corn with nitrogen and boost yields... Prepare creep feeders for calves... Make sure stock has shade... Enjoy some fresh peas from the garden... Clean the granaries... Clip weeds and excess growth in the pasture... Check lightning rod system and make sure it is well grounded.

WHAT IS A&P DOING ABOUT FOOD PRICES?

**CUT YOUR
FOOD BILLS
AT A&P!**

Last week A&P thrilled millions of families with the best news they had heard in months with the announcement that over 1,000 items were priced lower than O.P.S. ceilings at A&P Super Markets.

A&P continues its campaign of cutting food bills with more and more items below ceiling prices. How does A&P do it? By "working hard and saving" so that A&P customers get more for their money.

COME SEE THE STORE-WIDE SAVINGS YOU CAN MAKE ON HUNDREDS OF OTHER ITEMS PRICED BELOW O.P.S. CEILINGS NOT SHOWN HERE!

U. S. EXPORTS HOPE TO DP'S AND REFUGEES

ROME—It doesn't show in the United States trade figures, but Harry N. Rosenfield, commissioner for the U. S. Displaced Person Commission, says hope is America's biggest export to Europe.

Here from a month's study of displaced persons and related problems in Europe, he said:

"If we mean to win the fight against communism, we must show displaced persons, refugees and surplus people of the world that we are interested in them. We must do something for them personally. We must give them a chance in a country that wants them."

New Implications

The first phase of the displaced persons problem, produced by the backwash of World War II, has about ended, he said. But there now is awareness of the vaster implications of the problem. Actually, it is three-fold.

It includes the remnant of the displaced persons problem—a remnant that remains after re-settlement of one million people in 113 countries, 315,800 of them in the United States. It includes an increasing proportion of refugees slipping through the Iron Curtain, and, lastly and perhaps most important, Europe's general overpopulation.

"If the United States means business—and it does mean business—in the war for the minds of men," Rosenfield said, "we must persuade men that we have more to give them than has communism. We must give them a break, a chance to live decently, and courage to face the future."

"We must give them the feeling that they are wanted," he said.

DP Act Amended

The 1948 displaced persons act was amended in 1950 to permit 2,000 Italians from Venezia Giulia (territory given to Yugoslavia by the Italian Peace Treaty), 10,000 from Greece, 54,744 from Germany and Austria and 18,000 members of Gen. Wladislaw Anders' Polish Army to be resettled.

With the end of the International Refugee Organization (IRO), a provisional Commission to Care for Migrants (PICME) was organized at Brussels last year.

"We must prove that democracy can be meaningful to people and there must be legislative action that will help Europe's overpopulation. Europe, however, must also do something about it," he said.

Better Living Standard

Rosenfield declared that the standard of living in vast areas of the world—including Australia, Canada, New Zealand and the Lat-

MODEL BRIDE GIVES ADVICE ON "MAKEUP"

By BETTY CLARKE
AP Beauty Editor

If you want to look charming on your wedding day, use makeup discreetly, says pretty Joanne Liston, popular Powers model.

Joanne (now Mrs. Edward Brown of Kew Gardens, N. Y.), a bride of six months, says:

"It is a good idea to use a light makeup on your wedding day. Somehow everyone expects the bride to look pale. I wore a clear red lipstick, a liquid powder base and the tiniest bit of mascara, just to emphasize my eyes. A light dab of rouge gives just the right amount of blush. I didn't wear nailpolish, although there is no reason why clear or pale pink polish can't be worn. I don't think there is anything worse than a bride with long red nails or too vivid makeup."

And, if career girls think they have beauty problems before marriage and on the bridal day, just wait until after the honeymoon. Joanne explains:

"I do a great deal of hand modeling and my hands should be in perfect condition, always. The first few months after I'd been doing housework, my hands looked terrible. Now I wear work gloves which are indispensable to the bride who plans to perform household chores."

Does Many Chores

Joanne also found that she just didn't have time to drop in a beauty parlor anytime she felt like it—what with shopping, cooking and household chores on the daily schedule. She says:

"It isn't like the old days, coming home tired and weary to Mom's delicious food. Now I've got to plan a menu, shop for the food, cook and do the dishes. It is important, too, to arrive home looking pretty after marriage. When you are single you do not need to worry about freshening up, if you are tired."

Joanne makes the time, however, as she believes it is necessary to keep lovely and wellgroomed after you get the man, as well as before.

But she emphasizes that it takes hard work.

Every night she rubs glycerine on her hands and wears gloves to bed. She has learned to use a more lasting makeup on during the day. She puts this good base in the morning, and freshens up with additional lipstick and powder during the day, whenever possible. She has learned to adjust from soft water to hard water, which is tougher on the hands, by wearing rubber gloves.

If the career girl isn't used to standing, her feet will ache, too, as a result of combining business and home tasks, says Joanne. But fortunately, Joanne was used to standing on her feet for long stretches on modeling jobs.

Many of the advances of modern chemistry resulted from attempts by alchemists of the Middle Ages to make gold from baser metals.

TWO COURSES ARE ADDED TO HS CURRICULUM

The executive board of the Littlestown Joint School System voted approval of the addition of auto mechanics and a metallurgy course in ferrous and non-ferrous metals to the industrial arts course at the high school at the June meeting of the board Tuesday evening in the office of the supervising principal. The cost of the addition to the course will be approximately \$300.

A total of eighty-one children were registered as beginners for the 1952-1953 school term. The date for the final registration has been set as of August 21 and it is estimated that at least 15 more beginners will be registered. In view of this increased enrollment, it was recommended that a temporary partition be erected in Room 206 at the high school in order to take care of the extra grade which will have to be moved from the elementary building to the high school building, so

that all beginners can be housed at the grade school.

OK Extension Course

The board also approved and authorized a summer extension course in sewing, since 15 individuals have requested that such a course be offered. Other recommendations which were approved by the board, were for the Property and Supplies Committee to have the following repairs made: Furnace cleaned and adjusted at a bid price of \$12 from the Aero Oil Company; door stops to be placed on auditorium doors; fix water closets in grade school; install a new emergency lighting system in the high school, since the present system, which has been in use since the school was built 20 years ago has been condemned and must be replaced. Bids will be advertised for Rubber runners will be placed in auditorium; reset stiles in windows in high school; paint window sash in high school and repair toilet partitions in boys' room high school. A book case and six chairs will be placed in the office.

The report of Supervising Principal Paul E. King to the board included the fact that 180 days had been taught during the school year which ended officially on May 30 and activities incidental to promotion and commencement exercises were carried out according to schedule.

It was announced that the high school band has a number of engagements for the summer and that Charles Tressler will assist the director, Paul Harner.

Make Building Plans

A meeting of the Joint Boards of the Littlestown Joint School System followed the executive board meeting at the high school on Tuesday evening when a budget of \$203,875.00 was adopted. Robert L. Manotti was elected to a position in the elementary school at a salary of \$2,600, following recommendation for the position by E. E. Furlow of the teacher committee, who reported for his committee.

A letter of approval of the site selected by the board for the proposed Grade School building to be erected, received from the State Department, was read by the secretary, Henry E. Waltman. President Buehler, who was in charge of the meeting, reported that the bonding agreement was in order and that it was approved and accepted by the bonding house. The president also appointed as a building committee Elmer E. Furlow, George Worley, Charles Schildt, Ray Reichart, Wilbur Mackley and Principal King. A committee composed of President Buehler, Wilbur Mackley, Henry Waltman and the street committee from the borough council, composed of Harry T. Harner, James Yingling and Charles Frock, together with the president, Roscoe W. Rittase, will discuss with Solicitor Daniel E. Teeter the legal angles on the formation of a school authority, in connection with the proposed new elementary school building. Mr. Teeter explained to the directors

the legal matters and the two committees discussed the preliminary steps already taken by the school authorities in regard to the proposed new school building and the necessary street completions to the school site, such as water and sewerage.

Directors present at the meeting included Ray Reichart, Maurice Smith and Bernard Murren from Mt. Pleasant; Arthur Buehler, Charles Schildt, Austin Shoemaker, John Schwartz and Glenn Bowers from Mt. Joy; Wade Brown, Kenneth Byers, Clayton Harget, Elmer Furlow and William Peeser from Germany Twp.; George Worley and David Little from Union Twp.; Lloyd E. Crouse, Wilbur E. Mackley, Karl P. Bankert and Henry E. Waltman from the Littlestown board. Also present were School Solicitor Daniel E. Teeter and Principal Paul E. King.

Served 6,883 Meals

Standardized Metropolitan Achievement tests were given throughout all the grades of the jointure and promotions were made on the basis of these tests in addition to teachers' recommendations. A total of 6,883 meals were served in the cafeteria during the last month of school, averaging 363 meals per day. The annual cafeteria report revealed that a total of 61,857 meals were served during the school year, with a total daily average for the year of 360, according to report given the school board.

School Nurse Brenda Walker's report stated that she had made 31 home calls and given 139 first aid treatments during May. All pupils Grades One to Six inclusive

were weighed and measured and the records sent home to the parents. One pupil was taken to Dr. W. S. Mountain for special examination and as a result will have a tonsil operation with the cooperation of the school medical assistance program. The home nursing course was completed for 36 girls in the tenth grade. Several cases of measles were reported in the school system but the general health of the children was good. Mrs. Walker also accompanied the Senior Class on their annual trip to Washington and she arranged for a nursery for small children during the annual Open House at the high school in May.

Treasurer George Worley reported receipts of \$25,211 during May and the following expenditures: General control, \$45.37; instruction, \$8,919.43; auxiliary agencies, \$819.62; coordinate activities, \$257.46; operation of plants, \$970.75; maintenance of plants, \$515.67; fixed charges, \$5,987.50 and capital outlay, \$3,017.74; a grand total of \$20,533.54.

Present at the executive meeting were President Buehler, Wilbur E. Mackley, Elmer E. Furlow, George Worley, Ray Reichart, Clayton Harget and Charles Schildt. Also present were Principal King and secretary Henry E. Waltman.

BONNEAUVILLE—The NCCW of St. Joseph's Parish held its regular monthly meeting Monday evening in St. Joseph's hall. Mrs. Evelyn Chrismer, president, presided.

The meeting opened with prayer, followed by the reading of the minutes, the treasurer's report and reports from the various committee chairmen.

About 25 articles of infants clothing were collected for the Pope's storehouse.

Following adjournment the graduates from the grade school and their mothers were entertained. Mrs. Richard Sanders was hostess. About 35 members attended.

Mrs. Thomas Gebhart and Mr. and Mrs. Roger Chrismer visited Robert Chrismer at Penn State, State College, Saturday. Robert will leave this week for Montana where he will be a "smoke jumper" for the U. S. Forestry there for the summer months.

Mrs. Francis Chrismer and children, Cecelia and Timmy, and Mrs. Cloyd Miller and children, Jean and Mark, visited Mr. and Mrs. H. H. Claggett, Waynesboro, Saturday evening.

Miss Anna Sneeringer, Baltimore, visited her parents, Mr. and Mrs. Clarence Sneeringer, Sunday and Monday.

Miss Joanne Miller spent the week end at Ocean City, N. J.

Sgt. Michael Chrismer, Andrews Field, Washington, D. C., spent the week end with relatives here.

Mr. and Mrs. Cloyd Miller and daughter, Jean, visited Dr. and Mrs. Frank Marino, Baltimore, Sunday.

Displaced As Child; Now Has Own Home

SOUTH BEND, Ind. (AP) — After wandering two-thirds of the way around the world since she was nine, a South Bend housewife now has a home and family of her own.

Mrs. Wanda Zmyslo, 20, became a displaced person in 1940 when the Russians forced her family from their home in Poland and into a Siberian labor camp. Her father was eventually shot and her mother poisoned.

After many trials she entered the United States from a Mexican orphanage in 1948, under the sponsorship of distant relatives. Mrs. Zmyslo recently became a mother on the first anniversary of her marriage.

DEMS EXPECT FIGHT BEFORE CHOOSING MAN

WASHINGTON (U) — The Democrats may be heading for one of their old-style rip-roaring fights at this year's convention.

For the first time in 28 years a really tough tussle for the presidential nomination is in prospect. The 1928 election in 1924, which ended with the nomination of a dark horse candidate, John W. Davis of West Virginia, was the last prolonged in the history of both major parties.

Klan Issue
For nine days the balloting went on in Madison Square Garden, New York City, before Davis was chosen to break the deadlock between Alfred E. Smith and William G. McAdoo. The fight almost

split the Democratic party. Besides the nomination contest, there was a fierce struggle over the party's platform stand on a resurgent Ku Klux Klan. It led to fist fights among delegates and long-lasting bitterness in some state delegations.

A platform plank declaring for religious freedom and condemning race dissension, without mentioning the Klan, was adopted. A proposed plank denouncing the Klan by name was defeated by four-and-a-fraction votes.

During the nominating speeches a wheelchair was trundled onto the big platform. In the chair was the late Franklin D. Roosevelt, who made a nominating speech for Smith. This was an early bit of political showmanship by the man who became the champion nomination winner.

First GOP Convention
Sharp battling is expected at both the Republican and Democratic conventions in Chicago. However, the doings probably will be docile compared with the gun-

toting pow-wows of earlier years. Back in 1856, when the Republicans held their first nominating convention in Philadelphia, delegates from the Far West came East by stage coach, carrying long rifles to ward off Indians and mountain lions. It took some of them seven weeks to make the trip.

The 1856 Democratic convention assembled in Cincinnati to the roar of the Empire Club's Artillery. The Thomas Benton delegates from Missouri, excluded from the convention hall, knocked down the doorkeepers to gain entrance.

"Bowie knives and revolvers were brandished, but no great harm was done," a newspaper reported.

The controversy over extension of slavery was at shooting stage in bloody Kansas. Rival factions had captured towns and burned the houses of political enemies.

An Abolitionist Speaks
An abolitionist senator from Massachusetts said: "President

Pierce goes to the Democratic convention with the light of the burning dwellings of Kansas flashing upon his brazen brow."

Gen. John C. Fremont of California, Mexican War veteran and Indian fighter, was nominated for President by Republican delegates who shouted: "We'll go for Fremont! He grappled with the grizzly bear, and he beat the Indians. He can lick the slave-drivers."

When the Republicans nominated Lincoln in 1860 the country was on the verge of civil war. When the news reached the South a Richmond newspaper said: "The Union is sundered."

1860 Convention Split
The Democrats held their 1860 convention at Charleston, S. C. Failing to get a nominee after taking 57 ballots, the convention broke up when several Southern delegations pulled out an returned home.

The remaining delegates re-opened the convention in Baltimore, and Stephen Douglas was

FARM SHOW HAS "PAINS"

Pennsylvania's famed state farm show is suffering acutely from growing pains.

Keystone agriculture officials little dreamed when the huge 13-acre farm show building was completed in 1931 that it would one day be inadequate to house the annual show.

During the years after the big building was dedicated the annual attendance was only a few thousands. But that figure has been climbing rapidly until present shows handle around a half million visitors. Scores of applications for exhibit space have to be turned down, said Miles Horst, state agriculture secretary.

nominated for President on the 59th ballot. It was the second longest ballot-battle in convention history.

tary and farm show commission chairman.

Need More Room
One of the complications caused by the large growth of the show is the problem of finding rooming accommodations for farm boys exhibiting animals at the show. Until recently large dormitories at the show building were adequate for young exhibitors. However, overflow entries now have required the placing of many youths in private homes and other places.

Horst attributes the continued growth of the exposition to its big prize pot—it totaled \$55,100 this year—and to the growing prestige of farm show awards.

The big farm show—largest indoor exposition of its kind in the world—is already internationally known. It also served as the model for the present farm show in Alabama and for a new show being arranged for Convention Hall in Atlantic City.

Each year it attracts visitors from all over the United States.

The first jet fighter to be equipped with an afterburner obtained a speed increase of 100 miles an hour over earlier models without afterburners.

An electronic "bug" that crawls across a navigational chart is in process of development to guide planes in flight.

CHURCHMEN OF 12 STATES MEET

HARRISBURG (AP)—Churchmen from 12 northeastern states have opened the five-day quadrennial

Jurisdiction Conference of the Methodist Church with one — and possibly two — new bishops to be named.

Gov. John S. Fine was to welcome the churchmen in an address following the opening Communion Service.

The conference, which will make

church decisions for the New England States, New York, New Jersey, Pennsylvania, Maryland, Delaware and West Virginia, will continue through Sunday.

A new bishop will be elected, several persons will be named to the church's general offices, and there is a possibility a new church area will be established.

Dr. Charles Wesley Flint, bishop of the Washington, D. C., area, will retire this year and a new bishop will be chosen at the conference to replace him. Church leaders pointed out the new bishop will not necessarily take charge of the Washington area. The assignment of bishop is voted on by the conference after recommendations are made by the Committee on Episcopacy.

Dr. Ralph W. Sockman, pastor of Christ Church in New York City, had been mentioned for the new bishop's office.

ODD FELLOWS OF PA. INSTALL

READING, Pa. (AP)—Ray A. Himmelberger, Myerstown, Pa., was installed as grand master of the Grand Lodge of Pennsylvania, Independent Order of Odd Fellows, Tuesday night.

The installation, part of the program of the 127th annual session of the grand lodge here, was in charge of Samuel I. Koiler, a past grand master and superintendent of the Home for Orphans of Odd Fellows, Philadelphia.

Other Grand Lodge officers installed were: William L. Neal, Washington, Pa., deputy grand master; Fred R. Korman, Smithmill, Pa., grand warden; Robert P. Himmelberger, Myerstown, grand marshal; Russell H. Jister, Shillington, grand conductor; the Rev. Arthur Kaup, Dillsburg, York County, grand chaplain; Milton Yost, Shamokin, grand guardian, and Evan Edmonds, Scranton, grand herald.

The "wise men of Gotham" refers to the tradition that the men of Gotham, England, by pretending to be fools disuaded the king from setting up a hunting lodge near their town.

YOUR BABY NEEDS MORE THAN FOOD

By DAVID TAYLOR MARKE AP Feature Writer

Parents have tried always to develop strong, healthy bodies in their children. To this end, together with their pediatricians, they have learned to prescribe the foods best suited to baby's nutritive needs. It is only in the last ten years, however, that the emotional needs of the infant have been recognized as being equally important, if baby is to have a healthy personality as well as a strong body.

This does not mean, says Helen Ross, administrative director, Chicago Institute of Psychoanalysis, "that we used to overlook the child's feelings, but that through study and observation we have become more aware of what the infant and the young child need in the way of psychological nourishment."

Miss Ross has contributed a chapter to a recently published book, "Our Children Today: A Guide To Their Needs From Infancy To Adolescence" (edited by Sidonie M. Gruenberg and the staff of the Child Study Association, The Viking Press, N. Y., \$3.95). She points out, however, we cannot produce a "formula" for this, because we are dealing with emotions, and emotions are not as easy to measure as the chemical needs of the body.

"Emotional Needs" But, says Miss Ross, the mother can "divine his feelings through her own sensitiveness to him and through what she may have learned about children in general. Pediatricians, psychiatrists, nursery-school teachers, and others have made observations of children which contribute to our present knowledge of the baby's emotional needs. In addition, we have learned a great deal through the studies of adults made by psychoanalysts, which show the results in later life of the child's early feelings about his mother and father and others around him."

The first environment of the baby is the mother, she says. How she feels about her child before his

birth and after is the first emotional climate to which he is exposed. There is a "growing recognition that the first experiences of the mother with her baby as well as the baby's introduction to the world are of great importance to the way the child will come to feel about people for the rest of his life. Warmth and bodily satisfaction become equivalent to the love of the mother."

The way in which a mother holds and fondles baby while feeding him is the initial expression of her love. If she is gentle and loving, he is bound to register his first feelings about people as protecting and friendly. Such a baby tends to show a greater interest in the world about

PITTSBURGH COP EARNS DEGREE

PITTSBURGH (AP)—To cope with atomic-age problems we must cultivate a "critical sense", Dr. Arthur S. Adams, president of the American Council on Education,

him. And this interest outside himself is an important ingredient of the healthy personality. A healthy, emotionally satisfied child is not only a joy to himself and to his family; he may become a cherished member of society.

told 1,922 graduating seniors Wednesday at the University of Pittsburgh commencement.

Dr. Adams called for a strengthening of our "critical sense"—the better part of what man knows as wisdom—in the light of today's world crisis.

Honorary degrees were conferred on Gwilyn Alexander Price, president of Westinghouse Electric Corp.; Leon Falk Jr., chairman of the board of Falk and Co.; Ray C. McKenna, president of Colonial Steel Co. and Anchor Drawn Steel Co.; Henry B. Higgins, president of Pittsburgh Plate Glass co.; Eli Lilly, chairman of the board of Eli Lilly and Co., Indianapolis

Ind., and Dr. Adams.

The university awarded a Master of Arts degree in sociology to Robert McNertney, 29, a motorcycle traffic patrolman in Pittsburgh.

McNertney, a 6-foot 200-pounder studied for his B. A. at Duquesne University and his master's a Pitt—both under the GI Bill of Rights. He plans to try for his doctorate and then teach high school. He is married and has an 11-month-old daughter.

SAYS BUTTONS ARE ANTIQUES IN MINIATURE

EDMONTON (AP)—When a friend in Rhode Island first told Mrs. Earl Quincy of Edmonton about button collecting, she scoffed at the idea.

But that was 10 years ago and some 4,000 buttons later. Today, Mrs. Quincy has one of the finest collections of buttons in North America. She is a charter member of the Rhode Island State Button Society.

"Buttons are antiques in miniature," she says. "Button collecting opens up a background in research of the theater, arts, history, clothes and customs of the times."

Mrs. Quincy has buttons of early bone, calico buttons worn by frontier women, buttons of ivory from India which were used to convey secret messages, silver buttons with the heraldic crests of English nobility, buttons from the Vanderbilt stables, cameo buttons of Jenny Lind, miniatures of French court beauties painted on silk and even the lowly overall button—each with its own story.

Worn As Ornaments
The discs worn as ornaments on Roman and Greek togas were the forerunners of buttons, Mrs. Quincy explains. The nobility wore them as jewelry.

Francis I of France had 13,600 gold buttons on a single costume and Louis XIV once paid \$14,000

for a diamond and jeweled button. Women weren't admitted to the button world until 1850. Later Queen Victoria, in mourning for her consort, popularized jet and black glass buttons.

Every button opens up new channels of research. Mrs. Quincy is writing a book about the golden age of buttons, popular between 1820 and 1850.

Her hobby of collecting buttons goes back only to 1938 although many a grandmother kept her button string, spurred by the legend that "she who collects 999 buttons will never have to sew them."

First Is Favorite
With 4,000 buttons in her own collection to choose from, Mrs. Quincy's favorite is the first one she saved. It is a large gold button of bees and a bee-hive which she found in her grandmother's button box and wore to school in Rhode Island.

The giant of her collection is a redwood button which is 10 inches in diameter and three inches thick. Mrs. Quincy fills its five holes with tapers and uses it as a sandwich platter when she entertains.

But even a leading button collector can be fooled.
Mrs. Quincy's sister recently finished a new dress for her. Which buttons would look best on it? They delved through the 4,000 buttons—and couldn't find three to match.

Lincoln's Glasses On Public Display

CHICAGO (AP)—Abraham Lincoln's spectacles for the first time are on public display.

The Chicago Historical Society acquired them for \$275 from the Oliver R. Barrett Lincoln Collection. The magnifying type specs were used by Old Abe for reading.

An eye specialist, Dr. Noah D. Fabricant, Chicago, said Lincoln probably had very good vision and started wearing the glasses when in his middle 40s.

SINGAPORE (AP)—Some of Hong Kong's light industries are destined to be shifted to Singapore, according to the Singapore Standard, which says establishment of the Bank of East Asia Ltd. here is the first step in that direction.

SWISS WOMEN GET CHANCE TO VOTE SUFFRAGE

GENEVA (AP)—Swiss women will go to the polls for the first time in history here this year in a referendum to help decide whether they want to vote in the future.

The referendum will be confined to the canton of Geneva and will have only a "consultative" character. Whatever the women want, the last word will remain with the men.

Switzerland is among the last countries in Europe where women are denied the vote. All national, cantonal and local elections are confined to men and only men can become members of the national and cantonal parliaments and the local councils. A large body of public opinion is in favor of extending the right to vote to women, but under the constitution such an innovation

must be approved by referendum. Many Swiss cantons have held a referendum on this issue in recent years, but women's suffrage has invariably been rejected. Only the men voted. Less than a year ago, the canton of Vaud, which contains Lausanne, produced a 60 per cent majority against a law permitting local districts to grant women the vote on purely local issues.

Used Old Prop
One of the major props of the anti-feminist platform in all these campaigns has been the slogan, "Women don't want to vote." Since women have never voted in Switzerland, no one was able to prove or disprove this statement. Mainly in the hope of disproving it, the pro-feminist members of the cantonal parliament of Geneva carried by 51 votes to 36 recently a proposal to hold a "consultative" referendum among the women of Geneva.

Some of the most prominent advocates of votes for women opposed the measure, on the grounds that a majority of the women might have so little interest in their "demo-

cratic rights" that they would vote against them, thus making the realization of universal suffrage—even in Geneva—more remote than ever. These members of the cantonal parliament recalled that in a recent opinion poll, over 53 per cent of Swiss women declared themselves opposed to universal suffrage.

COURT UPHOLDS OUSTER
TOKYO (AP)—Japan's supreme court has upheld the firing of 33 newsmen for Communist activity or views. Kyodo, the nation's largest news service, discharged the 33 in August, 1950, after Gen. MacArthur had banned press employment of Communists or their sympathizers.

TRAFFIC ACCIDENTS RISE
ST. PAUL, Minn. (AP)—Traffic accidents in Minnesota in 1951 claimed 77 more lives than in 1950. The traffic and safety division of the state highway department said there were 609 deaths in 1951, compared with 532 the previous year. There was a total of 53,541 motor vehicle accidents reported in 1951, compared with 52,722 in 1950.

Heart Disease Deaths Increase
GLASGOW, Scotland (AP)—More Scotsmen are dying from heart disease, but the tuberculosis death rate shows a substantial drop.

The Scottish Health Services Council reported that in the last 20 years there has been a "real, substantial and progressive increase in coronary heart disease," and particularly in the number of deaths it causes at ages under 60. Coronary heart disease accounted for just under one per cent of all deaths in 1931. In 1948 the figure was 8.5 per cent.

A Bit Of History About Your Own Adams County

This is the sixth in a series of historical talks given over Radio station WGCT by Dr. Robert Fortenbaugh, Adeline Sager professor of history at Gettysburg College. on some of the outstanding events and interesting episodes in the development of Adams County.

As we delve into the history of Adams County, no source of information concerning the past is so full and so valuable for study as the files of the county newspapers through the years. Because of the great value we rightly attach to the newspaper as an historical source it will be useful to consider the beginning of newspaper publication in Adams County. The first newspaper issue was on Wednesday, November 12, 1800, just 152 years ago next November.

It will be observed that the county was less than one year old when a gentleman, looking for opportunity, came up from Maryland with the intention of adding to the features of the young county seat a new county weekly newspaper. This gentleman's name was Robert Harper, and the newspaper which he was successful in starting and, what is more, keeping alive, he named the Adams Centinel.

Extensive Newspaper File
The Times and News Publishing Co., publishers of The Gettysburg Times, has in safe keeping in a fireproof vault in its building an extensive file not only of the Centinel, but also of all the other newspapers which have been published in Gettysburg since 1800. In fact, it has a complete file of the Centinel except for two or three issues.

Unfortunately one of these issues which is missing is the first issue, Vol. I, No. 1, dated Wednesday, November 12, 1800. I do not know if a copy of this issue exists anywhere today. If so, it is to be hoped that anyone knowing of its location will communicate with The Gettysburg Times so that at least a photographic copy of this important piece of historical material may be included in the newspaper collection of the County.

It seems that in 1886 a copy of this issue existed, or at least its contents were known, for in the

"History of Cumberland and Adams Counties, Pennsylvania," published in 1886, and which is the only general history of the county yet compiled, the following description of the contents of the first issue is given thus:

Printed Foreign News
"On Wednesday, November 12, 1800, Robert Harper issued the first paper published in the county, the Centinel, a four column paper, long and slim in appearance, and, as was the style of that time, without either general or local editorials. The greater portion of its space was given to foreign news. The advertisements (a subject of great interest in old newspapers) were the printer's offering for sale at the office (the following books): 'Three sermons, proving the New Testament,' 'A Short and Easy Method with the Deists' and the 'Christian Promoter.' In the profane line the 'ads' were: 'Wanted, to rent a store,' and 'Old rags bought at this office,' and a notice for sale of a book 'containing all the eulogies, elegiac poetry and masterly orations on the death of Washington.'"

The second issue, dated November 19, 1800, is on file at the Gettysburg Times. One may suppose that the format and the general composition of the first issue were exactly the same, and so a very good idea of the nature of the first issue may be had from it.

In the fourth issue, which appeared according to schedule, Editor Harper says that with that issue publication was suspended until a sufficient number of subscribers have been secured to make the venture profitable. Since the next issue in the file is No. 6, which appeared on Wednesday, January 7, 1801, it may be assumed that there was a No. 5 and that it appeared on December 31, 1800. No. 52 appeared on Wednesday, November 25, 1801, closing the first volume.

First Editor Dies
The paper continued to be put out in the same form until midway in Vol. 6 a different format was introduced and in June, 1805, re-numbering begins with Vol. 1, No. 1. Robert Harper apparently edited all the issues until the issue of November 13, 1816, in the 12th volume, when notice is given of his death. This issue of November 13, 1816, was re-numbered as Vol. 1, No. 1, and it is said that the paper is being run by the estate of Robert Harper for Priscilla Harper, his wife.

In the issue of February 12, 1817, which was No. 14 of this new Vol. 1, notice is given that the paper is now printed for Priscilla Harper by Robert Goodloe Harper, who was the son of Mrs. Priscilla Harper and the late editor, Robert Harper. Thus began the public career of a man who was to be a prominent figure in the life of the county for 50 years.

In 1822 Robert Goodloe Harper announced himself as in full charge of the paper, and so it remained until the merger in May,

1867, of the Centinel and The Star, which had been established in 1828, as the Star and Centinel, which continues publication to the present day. Through the Star and Centinel the continuous existence of the first newspaper begun in 1800 is maintained.

Mr. Harper was at one time county treasurer, then United States assessor, and then associate judge. He died in June, 1870.

Since this concerns the beginning of newspaper publication in Adams County, our emphasis is on the very early days of the first newspaper and its publisher, printer and editor, Robert Harper.

Enterprising Publisher
Mr. Harper was a perfect type of the old-time printer-publisher. Being primarily a printer, he was also a businessman and concerned to find ways and means of making his business pay. Therefore, he solicited the ordinary work of a printing office of any age, but had ambitions to be more than a job printer. So he combined the publication of a newspaper with his job work, and as his means were limited he had to be the editor of the newspaper. Of course, he could not have been such if his talents and learning did not fit him for what was then, as now, an exalted position in the community.

As newspapers were in those early days primarily political organs, rather than news purveyors

as later newspapers have become, the political views and interest of the publisher and editor were of the highest significance.

Mr. Harper was an ardent Federalist and promoted the Federalist cause earnestly and unceasingly. That is important, since the Centinel was the only newspaper in Adams County until 1818, when the Compiler was established to promote the cause of Jeffersonianism. Mr. Harper probably knew that he would be welcome and supported when he came to Adams County for the very fact that the new county had been named for the Federalist president, John Adams, was a sign of what was indeed the case, the county was strongly Federalist in sentiment.

Harper Ignores War
While through the whole period of his editorship the Federalist cause was promoted and some lively expressions of support of that cause were evident in the earlier years, the War of 1812 brought the whole matter to a climax. The Federalists hated Napoleon, the Jacobins, Jefferson, Tom Paine, President Madison and the war. They probably designated themselves the "Peace Party." To that end Mr. Harper ignored the war. It is said that there was not the slightest allusion, not a name mentioned, not a deed of sacrifice referred to in any way in the weekly issues of the paper through the three long years of the war. The war was over but the conflict between parties continued to be the chief interest of the editor.

The other interest designed to make his business pay is a happier story. Mention has earlier been made of the offer of books for sale by the printer in the first issue of the newspaper. After a few years Mr. Harper was keeping a veritable book store at his printing office, and the list of books which he had for sale is an interesting and instructive study. The list covers nearly two pages of the paper, and nearly every book included is a work on religion, including such standard works as Bunyan's "Pilgrim's Progress" and Brown's "Shorter Catechism" as well as less-known works with such titles as "Navigation Spiritualized," or "A New Compass for Seamen, Consisting

of 32 Points of Pleasant Observation of Profitable Applications, and of Serious Reflections, All Concluded with so Many Spiritual Poems."

Reprinted Many Books
However, in addition to these books for sale, Mr. Harper commenced to re-print books of various kinds, but principally books of sermons. This may seem strange to us of this modern day, but it was a fact that all people who read at all then purchased and diligently read and meditated upon this kind of literature.

It was from Mr. Harper's press that most of the books which in that early day bore a Gettysburg imprint came. As collector's items they have value today, and are much sought after. It is to be regretted that so few of them are in any of the libraries in Gettysburg and Adams County, and thus

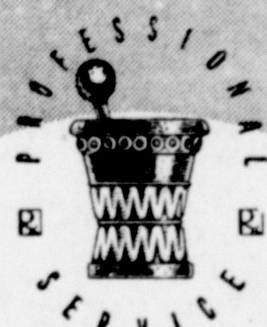

readily available to interested persons.

Thus the first newspaper was launched and thus the business responsible for it was sustained. Before long, however, the book-selling interest was either no longer profitable, or unnecessary, and the newspaper came to be the principal interest of the office.

Through the years it continued to oppose the ideas of Thomas Jefferson, then the ideas of Andrew Jackson, then the cause of disunion. In 1855 the editor, Robert Goodloe Harper, could truthfully say that he was proud of his consistency in politics—"First a Federalist, then a National Republican, then a Whig, then for the Union."

Since then, as the Star and Centinel, it has been true to its ancestry, and has been a rock-ribbed Republican paper.

25-YEAR OLD DESIGNER NEW RAGE OF PARIS

PARIS (AP)—The "find" in the Paris fashion world is 25-year-old Hubert de Givenchy, next to Dior the most talked about designer in Paris this spring.

"I never dreamed it would be this way," the gangling, six-foot, six-inch designer with ruffled blond hair and grey eyes keeps saying. "We've been literally swamped ever since opening night."

All the major American buyers,

as well as those from Italy and other countries, have been buying from Givenchy's first collection. Already he has had to rent extra space to expand his workrooms.

He has had to abandon his modest plan to run his house like a department store, open to all comers with models displayed on dummy mannequins. Daily parades by live mannequins have become a fixture—by popular demand.

To others he may be a talented youngster, but Givenchy doesn't consider himself a tyro.

"I've been designing professionally since I was 17," he points out politely.

Objected To Law

Givenchy was born at Beauvais, in the north of France, where his grandfather was director of the famous Beauvais tapestry works. His mother was of English origin (but her son speaks no English), and his family wanted him to be a lawyer. He rebelled, choosing the school of Beaux Arts in Paris instead.

After three years there he left to work for fashion designer Jacques Path. Terms with Lelong Piguet and Schiaparelli followed.

When friends asked how he dared start a new fashion house in such unpropitious times, Givenchy said stubbornly, "People need good-looking but less expensive clothes. They're no time for couture methods. I mean to give them the same quality for less money."

This is a new trend, he declared just before his opening. "My clothes will be simple, chic skirts, sweaters, tops and jackets. Above all, I want them to be worn and worn."

Givenchy made good his re-opening boast that "I can make a smart dress out of material that costs 60 cents a yard." Ordinary cotton shirting was the success of his show. It was used even for a multiple-tiered, ruffled morning evening cape.

Frowns On Rumors

The young designer is indignant

DISABLED MEN DO NOT EXPECT ANY SENTIMENT

NEW YORK (AP)—"When you hire handicapped people, sentiment won't work any more than it would when you plan a production line."

That's Henry Viscardi talking. He was a top personnel man before he became boss of the "J.O.B." job office for New York University—Bellevue Medical Center. There he finds jobs for the disabled.

"During World War II, one firm decided to hire blind people. So if you were blind you could get a job in that plant. That's absurd. Suppose they had started to hire all red-haired people, regardless of other qualifications? They could see that would be silly, but they got

at reports that he raised his prices after his opening-night success, and that he tacked on a fee to viewers at his showings as an afterthought. There have been some misunderstandings and false reports about his prices, he says, but he still has blouses for as little as \$15, and dresses and coats for little more than half the usual high fashion prices.

As for the viewer's fee, he explained, "some of my friends advised me not to charge anything, as a new house in its first season, but I decided to do so anyway before my opening."

He said that, unlike other houses, he charges French buyers the same as foreign buyers—65,000 francs (about \$180). Older houses charge about \$300, to apply toward purchases, or be forfeited if no purchases are made.

sentimental about the poor blind people who needed jobs."

Viscardi is also a member of the "task force" which has reported to the Office of Defense Mobilization (ODM) on disabled defense workers. That report tells of untrained handicapped people hired during the war. They often had low production and most of them lost their jobs after the war. Rehabilitation was neglected.

Job Operations Simplified

The report also goes into changes of work of today. Jobs have been broken down into "operations." In some the worker does not use his legs. In others he does not have to see or hear. Today's employer can hire people who might have been useless years ago. But he should hire them, says Viscardi, because he expects them to do a full day's work

and get a full day's pay.

To do so, he must have trained workers. But handicapped people have special training problems. Community help is needed for this.

The ODM report also touches on the problem of hiring habits. Employers often rule out workers because of "handicaps" which would not be handicaps to doing good work. Arbitrary hiring rules based on age, physical "disabilities" or other fixed norm are wrong, it says. The same physical standards for a typist and a warehouse man are absurd.

Cooperation Needed

The community and the employer must also work together to find out what jobs fit what people. Can a wheel chair get into the place? Can it get into the lavatory and the cafeteria? How high are the work benches? How much physical energy

North Carolina Studies Prisoners

RALEIGH, N. C. (AP)—The State Prisons Department and the Paroles Commission have drawn up a committee to study the problem of prisoners who are released on parole.

Does this job require? Can this heart case do it? There are some of the questions training centers must ask of employers.

There is also a transport problem. The handicapped may not be able to use a jammed subway. Viscardi sees the need for more thinking on that problem.

There are also bodies so crippled they startle people. We don't want to hide the disabled, says Viscardi, but neither should we flaunt them. For example, some of New York's swank hotels hire the handicapped. But those with startling disabilities don't meet the public.

posite picture of North Carolina's average prison inmate

He is almost 28 but has a mental age of 14. Mr. Average Prisoner stands 5 feet 9, is married, and dropped out of school after the fifth grade. He is serving about five years and nine months for a crime committed in a small or rural community.

The figures also show that throughout the state's prison system the number of white admissions is outnumbering Negro admissions. This is a reversal of pre-war trends and has caused Prisons Director Walter Anderson to state he must convert some of his Negro camps to camps for whites.

GOLD IN SAUDI-ARABIA

CAIRO (AP)—Oil-rich King Ibn Saud may receive new revenues from a recently discovered gold mine in

Saudi Arabi. The Arab news agency reported in a Mecca dispatch that four mining experts and 15 laborers have extracted one of a high gold content and "results are promising."

Falcon Attacks Pigeon Aviary

BURBANK, Calif. (AP)—Tony Bove thought he had bats in his belfry when he discovered a falcon in his pigeon aviary recently.

Bove sensed "fowl" play when he heard his squabs in a dither and rushed out to find the falcon had already killed one bird.

The bird of prey was finally captured, says Bove, after he suffered several painful wounds on his hands from its sharp talons. "I would have killed it," says Bove, "but I noticed it had bands on its legs and must belong to some one."

PUBLIC SHOWN HEART SURGERY

CHICAGO (AP)—Major surgery on a human patient—heretofore televised nationally only for doctors—was viewed for the first time by laymen on a national network Tues-

day night.

The program—part of an operation on a 60-year-old man—was telecast over a 40-station network of the National Broadcasting Company.

The telecast was in connection with the annual meeting here of the American Medical Association and was sponsored by the Smith, Kline and French Laboratories of Philadelphia.

PRESBYTERIANS LIMIT TERMS FOR TRUSTEES

CHAMBERSBURG, Pa. (AP)—The Pennsylvania Synod of the Presbyterian Church has decided to limit members of its board of trustees to two consecutive terms.

The action was taken Tuesday at a business session of the Synod's annual five-day meeting at Wilson College. The annual sessions run through Friday.

The 500 delegates, in adopting the resolution, decided that at least a full year must elapse between a trustee's old and new terms.

Hear New York Pastor

The Rev. W. Franklin Harkey of Washington, Pa., was elected vice moderator of the Synod succeeding A. Lester Mould, an Erie elder, who moved up to the moderator post Monday.

William S. Middleton of Harrisburg was reelected to his second term on the Board of Trustees while Hugh McJunkin of Pittsburgh was chosen for his initial term.

Meeting with the Synod is the church's Pennsylvania Women's Synodical Missionary Society. Separate business sessions are held each day with a joint session at night.

The Rev. James H. Robinson, pastor of the Church of Our Master in New York City, preached the evening sermon Tuesday night.

The operation for removal of most of the unidentified patient's ulcer-damaged stomach was on the program for about six minutes.

Video viewers saw surgeons begin sewing up the incision over the patient's stomach. The purpose was to show the manipulation of clamps, thread and needles used by the doctors.

Fossils of animals which died in the sea are much more often preserved than those which died on land.

To Charge Sergeant For Clark Letter

MONTEREY, Calif. (AP)—The Army is going to prosecute a veteran sergeant who wrote Gen. Mark Clark that his handling of a Koje Island prison incident was "repugnant and disgraceful."

Sgt. C. Dean Chase, 24, of Salt Lake City, was charged Tuesday with disrespect to a superior officer and ordered court martial. Maximum penalty, if convicted, is six months in prison and a bad conduct discharge.

Chase commented "I knew exactly what I was doing" but expected only a reprimand from Clark.

The general instead sent Chase's letter to Sixth Army Headquarters, San Francisco, for "appropriate action."

INCREASE FOOD ALLOWANCES TO FOLK ON RELIEF

HARRISBURG (AP)—Increased food allowances totaling \$30,000 a month will go into effect late next month for 230,000 Pennsylvanians on relief.

Mrs. Eleanor G. Evans, State Public Assistance secretary, said the increases were ordered Tuesday by the State Board of Public Assistance. They range from 11 per cent for a single person down to 4 per cent for an eight-member family.

She said the increases were designed to offset increased living costs.

To Use New System

The board also approved a new system of flat allowances for fuel and utilities that will be substituted for the present system of actual costs. The new plan will fix allowances on a county-by-county basis with specified maximum grants.

"The new plan is radically different from the type of schedule previously in use and is designed to improve administrative efficiency as well as provide for more equitable allowances for heating, cooking, lighting and refrigeration," Mrs. Evans explained.

Four age groups currently are the basis for food allowances. They include adults, youth from ages 12 through 18, children from 5 to 11 years and finally those under five years old.

Eliminates Red Tape

The new system retains only two groups—adults and children under five. This simplification will eliminate much red tape in calculating grants, Mrs. Evans said.

The last food allowance increases

were granted in 1950. At that time the grants were boosted a flat \$1.

The 1951 General Assembly allocated 136 million dollars for the two-year period ending May 31, 1953. During the first year the state spent 72 millions of the allocation. Relief expenditures currently are running about \$5,400,000 a month.

NEW YORK (AP)—Mrs. Katharine Brush, 49, novelist and short story writer, died on Tuesday at St. Luke's Hospital after an illness of several months.

Her best-known books were "Young Man of Manhattan," published in 1930, and "Red-Headed Woman," 1931. Both were made into movies. Her novels were widely popular in the 1930's.
